List of Those Selected to Serve as
Such by Trades Council
Committee.

LOCAL UNION PRESIDENTS

Will Fill the Chairs on the Stage
at Tonight's Lecture at Opera
House.

SUBJECT: "LABOR AND LIBERTY"

Few lectures delivered in this city have attracted more attention than that upon "Labor and Liberty" by Eugene V. Debs, late of the American Railway union and head of the Chicago railroad strike of 1894, to be delivered in the opera house tonight, under the auspices of Trades and Labor council.

J. J. Weisend, district organizer of the American Federation of Labor, will preside. The presidents of the various local unions will act as vice presidents of the meeting, as follows:

ers; George Wise, plasterers; James
Waggle, blacksmiths.

The lecture will begin at 8 o'clock
and will be free to the public.

COUNCIL.

There is Plenty of Unfinished Busi-
ness for the City Dads to
Look After.

The meeting of council to be held this evening will probably be a lengthy one, as there is plenty of business to transact. The clerk and engineer are supposed to make a report of the tax valuation of the property along Pleasant street, and then council will take some action on the petition of the residents, asking that the street be graded. The committee appointed to confer with the brewery company in regard to their disputed bill should make a report. The building inspector ordinance will come up on its second reading and the solicitor will make a report on the damage claim of George Knowles for \$463.35.

ARE INVITED.

Elks to Attend the Dedication of a
Lodge Room at
Salem.

A number of members of East Liverpool lodge No. 258, B. P. O. E., have received invitations to the dedication of the new lodge and social rooms of Salem lodge No. 305, which is to occur Thursday, May 3.

The dedicatory ceremonies, which will be conducted by Byron T. Ritchie, deputy grand exalted ruler, will occur at 3 o'clock. At 6 o'clock supper will be served visiting Elks and ladies, while the reception will take place at 8 o'clock, followed by a grand dress ball. Great preparation is being made for the affair, which is certain to prove a red letter event in the history of Salem lodge.

Went Fishing.

Chairman Peach, of the street com-
mittee of council, went fishing today.

The bonds of the new city officers will be presented and the electric light franchise ordinance will come up on its third reading. Much interest is taken in the franchise ordinance, but no one is willing to venture an opinion as to what will become of the ordinance. The usual miscellaneous business will be transacted.

WILL REMOVE THE BODY.

Of This Early Pioneer to a Suitable
Spot in Riverview
Cemetery.

In the year 1832, Mrs. Joseph McKinnon was buried in what is now known as "The Old Graveyard." Her remains are said to be resting in close proximity to the bank which is now rapidly crumbling away, in consequence of the ghouls who have been undermining the hillside and carting away gravel, in open defiance of laws and ordinances enacted by our city council. We understand that Eugene Bradshaw, the great grandson of the deceased, will have the remains of the pioneer removed to Riverview cemetery ere long.

Mrs. Joseph McKinnon was the mother of the first white child born in Columbiana county. Joseph McKinnon, her husband, was a famous scout, at one time in the service of that great American general, Mad Anthony Wayne. Mr. McKinnon saw severe service in his frontier life, and at one time did gallant duty against the famous Indian chief, Big Foot.

It is to be hoped that all the remains now contained in the old graveyard will be removed and properly cared for, as the present condition of affairs borders on the heathenish and is a disgrace to civilization.

AN IMPORTANT QUESTION

Will be Decided by the Methodist
Episcopal Conference at
Chicago.

When the Methodist Episcopal general conference is called to order in Chicago Wednesday, May 2, it will be confronted with the question, "Shall laymen have as many votes as clericals in the governing body of the Methodist church?" Provisional delegates numbering 300, elected from 148 conferences, will ask for voice in the general conference. At present the general conference is made up from two lay delegates from each of the 148 conferences and one ministerial delegate for every 45 ministers in the conference. The laymen represent 3,000,000 and the ministers 18,000. The laymen want equal voice in church matters and the matter will be thoroughly contested.

THE HOSPITAL.

A Meeting Will be Held This Evening

To Engage the Services of a
Collector.

The hospital meeting called for this evening is for the purpose of securing a collector to raise the \$1,500 which the ladies need before they can pay off the indebtedness on the site. The ladies will endeavor to take some definite action at the meeting tonight and get the canvass for money started.

Less School Money.

The discovery has been made by state officials that every school district in the state will have to get along

with five cents less per pupil the coming year than they have been receiving. Between an increase in pupils and a decrease in the tax receipts this result is caused.

EIGHTY-FIRST.

The Odd Fellows Will Celebrate Their Anniversary and Attend Church.

The 81st anniversary of the introduction of Odd Fellowship into America takes place on Thursday. The local lodge will commemorate the event by attending special services to be held in the M. P. church Sunday afternoon at 2:30 o'clock. Rev. J. W. Gorrell will deliver the address. A meeting will be held at the lodge room at 1 o'clock. The members will proceed from there to the church in a body, the Patriarchs Militant being attired in full regalia.

ADDRESSED TEACHERS.

Prof. W. W. Weaver, of Mt. Union, Talks to School Ma'ams Yesterday.

W. W. Weaver, professor of pedagogy at Mt. Union college, addressed the school teachers at a teachers' meeting held at the Central school building yesterday afternoon. Mr. Weaver used for his subject "Education of the Will." He said that a scholar was helped in his work by the teacher assisting him to cultivate right habits, and the education of the will power. The address was timely and interesting.

U. S. S. GOLDEN ROD.

Government Light House Tender Tied in At This City During the Night.

The United States light house tender steamer Golden Rod tied in at the wharf last evening and early this morning left for Pittsburg. The boat is in charge of Horace M. Horton. The mission of the boat is to take care of all beacon lights along the Ohio, Kanawha and Tennessee rivers. There are 529 light posts looked after by this boat twice a year.

A PETITION.

Residents of Pennsylvania Avenue Want More Paving.

At a meeting of council to be held this evening a petition will be presented from the residents of Pennsylvania avenue, asking that the street be paved from Sugar street to Vine street. The total foot frontage is 1,177 feet, and all but two of the property owners have signed the petition. It is expected council will grant the request.

CROXALL LOT.

The New Opera House Will be Erected on the Southeast Corner of It.

The location for the new opera house to be erected in this city has been changed and it will be built on the southeast corner of the Croxall lot instead of on Sixth street. The plans for the house will be practically the same as if it were built on the original site.

Funeral This Afternoon.

The funeral of Mary A. McDonald, the little daughter of Mr. and Mrs. J. E. McDonald, took place this afternoon from the home, Thompson place, Dr. J. C. Taggart officiating. Interment was made at Riverview.

FREDDY AND JIM WILL DO TIME

They Were Unable to Raise the Amount of Their Fines and Mayor Davidson

SENT THEM TO THE WORKS

Chief Thompson Had Them In Charge and They Won't Be Back For Over a Month.

ONLY ONE ARREST LAST NIGHT.

Mayor Davidson has sent his first prisoners to the Stark workhouse and it will be several days before they return to the city.

Chief Thomuson departed this morning for Canton and he had in charge Freddy Bloor and James Penny. The two are old offenders and have been frequent visitors at city hall in the past. Penny has a fine of \$5.60 to work out and Bloor has one of \$9.60 charged against him. Both men are splendid workmen when they stay sober, but have let drink get the best of them. It is thought the 40 or 45 days they have to stay at the works will do them both good.

Tally Russell was the only victim last night and he was captured in the Diamond by Officer Morris while under the influence of liquor. He was fined \$5.60, put up security for the fine and was released.

FIRST INSTALLMENT.

Public Library Receives a Large Check from the Board of Education.

Harry Peach, treasurer of the public library, yesterday received the semi-annual instalment from the board of education, amounting to \$499.79. This amount will be placed to the credit of the general fund.

The Board of Health.

The board of health will meet one week from next Friday night. The new members will be sworn in and the officers of the board selected for the year. It is understood that Sanitary Officer Burgess will not have opposition, but it is thought he will have no difficulty in being re-elected. Dr. C. B. Ogden is the only candidate announced for the position of health officer.

He Was Gone.

Officer Mahoney was called to the National House yesterday afternoon to arrest a party who was sleeping somewhere in the vicinity of the hotel. When the officer arrived he didn't find the man, who had wakened in the meantime and taken his departure.

A New Sewer.

The city will put in a new sewer on Minerva street. The run was filled some time ago, but a heavy rain washed out the fill and it is necessary to put in the sewer in order that some of the residents may have easy access to their houses.

Doubtful.

The many friends of Winnie Mercer in this city do not think he will be able to hold his place on third for the New York team and will be sent to the outfield or relegated to the bench.

SUBURBAN NEWS.

EAST END.

SOUTH SIDE.

W. O. Walker, of Southside, Pittsburgh, was in town yesterday afternoon and spent several hours with Dr. William M. Calhoun. Mr. Walker is looking for a location upon which to build a brush factory, and it is said that Mr. Calhoun made a proposition which was favorably looked upon by Mr. Walker. Dr. Calhoun was seen yesterday afternoon, but would not say what Mr. Walker intended to do in the matter. Other developments are expected by the last of the week.

There is a slight change for the better in the condition of Lincoln Parker.

The roof on the new passenger station is about completed.

A committee composed of members of the Epworth League of the M. E. church met last evening at the home of W. T. House, of St. George street, for the purpose of arranging a program for the anniversary of the League, which will be on Sunday evening, May 13.

Yesterday work was commenced erecting a new kiln at the sewer pipe works. All of the old kilns will be given a thorough overhauling at once.

George Whitmore, who was employed by the railroad company to keep account of the persons, cars and vehicles which crossed the Mulberry street crossing, finished his work Saturday evening. It now remains to be seen if the number which crossed the tracks was sufficient to warrant the erection of gates.

Oscar Michael, who has been seriously ill for several days, is recovering rapidly.

Hugh Turner, of the East End pottery, is visiting friends at East Palestine for a few days.

Jay Fisher, engineer at the National pottery, is unable to work. He is suffering with an attack of grip.

Screen doors have been placed on the doorways at the postoffice.

Dr. W. E. Mowen and Robert McArthur left last evening for Cleveland. They will return home tomorrow.

Harvey Hazlett is able to be out after a lingering illness.

Mrs. Edward Riley, of St. George street, is under the care of a physician.

The work of repairing the Second M. E. church will be begun within a few weeks.

The Bible class of the Second United Presbyterian church will meet at the home of Rev. J. R. Green on Pennsylvania avenue next Friday evening. The Sunday school lesson for next Sunday will be reviewed.

Several linemen were in the suburb yesterday completing the new telephone lines.

SERIOUSLY ILL.

Wylie Himes is Suffering With Heart Trouble and Needs Assistance.

Wylie Himes is seriously ill at his home, opposite the First National bank building, Washington street. Mr. Himes is suffering with heart trouble and is in need of assistance. He is a member of the carpenters' union, and it is expected the union will take some action in his case and assist him over his present distress. His many friends will be pained to learn of his illness.

A Hopeless Race.

Ohio State Journal.

There is talk of J. H. Morris, of Youngstown, being the Democratic candidate for congress from the Eighteenth district against Hon. R. W. Taylor, but the chances are that Morris will save his money and his reputation by refusing to make a hopeless race.

G. F. Huston left for Van West this morning, where they will remain a few days visiting relatives.

O. H. Bergman returned yesterday from a visit with relatives at New Kensington.

Miss Elizabeth Summerson, of Emington, Pa., arrived yesterday for an extended visit with her aunt, Mrs. Ruth McLane.

Arthur Smith, of New Cumberland, candidate for sheriff, was here last evening in the interests of his candidacy.

Work on the Knowles pottery, which has been retarded for some time, commenced today and will be kept up steadily until the plant is completed.

Steve Severs has the contract for excavation for the new pottery.

The Chester ball team put in several hours of good practice work last evening.

Work was commenced yesterday on a new two-story frame business block being erected on Virginia avenue by John Schrader.

G. A. Arner is spending a few days in Pittsburgh and New Kensington on business.

Brown Hewitt, candidate for sheriff of Hancock county, was here yesterday looking after his political interests.

Ex-Justice Pugh is in New Cumberland today attending a meeting of the Republican county executive committee. They will set the time for holding the primary elections.

Rev. Fisher, of Fairview, will occupy the pulpit at the U. P. church chapel next Sunday.

Two mills will commence making rough iron at the sheet mill next week.

Mrs. E. C. Smith, of Washington, D. C., visited her cousin, Mrs. Ruth McLane, yesterday.

Miss Ola Johnson returned yesterday from a two weeks' visit with Pennsylvania friends.

A child of George Evans is dangerously ill.

J. T. Melvin, of Fairview, was here yesterday attending to his duties as assessor of Hancock county, and also doing some work to secure re-election.

Jacob Hobbs spent Sunday with his parents at Fairview.

Mrs. Arch Severs is suffering from an attack of nervous prostration.

Surveying was commenced yesterday on the new system of water works. The reservoir, located on the Stevenson farm, is almost completed. The line will extend down Carolina avenue to First street, a distance of one and one-half miles, along First street to Virginia avenue, down Virginia avenue to Third street and thence along Third until the line on Carolina avenue is reached.

Bird Allison this morning began to move his house on Virginia avenue to a lot on Indiana avenue. The house was taken across the Second street bridge.

Harper Ralston left for Cumberland this morning to attend the meeting of the Republican county executive committee.

The Republican primaries will probably be held on the afternoon of May 19.

The Mechanics, at their meeting last evening, initiated several candidates.

from you. They burn you with their hypnotic, baleful glare, and with a calmness you would not have believed you possessed, you softly reach for your rifle.

A muskrat may be a joke, but a hungry bear prowling within 20 feet of you is an unsafe guest. You know you are as white as a sheet, and your hands tremble as you bring the piece to your shoulder and aim directly between those awful greenish yellow eyes. Suppose you miss; but, no, you will not. Your finger presses the trigger.

The roar of your rifle sounds like a clap of thunder, and its reverberations roll and chase each other over the tops of the pines and spruces and startle a thousand sleeping creatures who render night hideous with their frightened cries as they scurry or fly away from your vicinity. It's a rude way to awaken a man, and no wonder your guide jumps up yelling like a Comanche Indian and nearly knocks out the back of the camp as he runs against it.

When he finds you pale and trembling and hears you declare that you have shot a bear, he mutters incredulously and, lighting a lantern, goes out to investigate. You hear a loud French-Canadian laugh as he returns carrying by the tail a headless chipmunk, which he tosses at your feet. "You wan good shot, m'sieur. You heet him square 'tween de eyes. No shoot better meself, but ah tink you narve, what you call, onstring, you better take wan good dreenk 'n go to sleep."

So are sounds magnified in the silence of a first night in the Maine woods.—Portland (Me.) Express.

Plants That Intoxicate.

Bumblebees, butterflies and beetles are habitual drunkards. In some of the southern states insects alight on certain plants, drink heartily from the blossoms and fall to the ground stupefied. After awhile they rise and fly around, just as drunken men would do if they had the power of flying. Their antics are especially amusing unless one does not know what is the trouble. In this case the suspicion that the insect world has gone crazy is uppermost.

A scientist who had observed the drinking and its results collected a teaspoonful of the pollen to see if it would affect a man the same way. He swallowed it and in a few minutes found his pulse beating faster and a rise of temperature. Then he distilled some of the blossoms and gave himself a hypodermic injection in the arm. He became decidedly dizzy as a result. By further experiments he found an oil derived from these plants which affects human beings and animals alike.

A Different Cut.
"I ayuh de white young lady say dat she was gwinter cut de yuthub young lady dat made huh so mad," said Miss Miami Brown.

"It's scan'lous de way dese white folks is actin," answered Mr. Erastus Pinkley. "Fust dey sings coon songs, den dey does cake walks, an now dey's gwine in fo carryin razors."—Washington Star.

Inconsistent.

"You keep me waiting so long!" complained the customer.

"Madam," said the worried grocer, who was economizing in his business by employing only one clerk, "ain't you the woman that was in here yesterday kicking about short weights?"—Chicago Tribune.

CONVENTION TO BE DISTRICT NOT STATE

Eastern Ohio District Tent of the Rechabites to Meet In This City In July.

THE LOCAL TENT PREPARING

To Entertain the Visiting Members and a Large Crowd Is Expected.

THE ELECTION OF DELEGATES.

When the state convention of the Independent Order of Rechabites met in Youngstown last July it was announced that the next convention would be held in this city. It will not, however, be a state convention, the state convention being abolished and being succeeded by district conventions.

The district tent Rechabites annual convention will be held in this city in July, in Rechabite hall. Last evening at the meeting of Favorite tent No. 175, a committee was appointed to make arrangements for the convention. The first session will be held July 2 and will continue for probably three days.

Delegates from all Rechabite tents in eastern Ohio will be present, but these will not be named until the last of May. The delegates from Favorite tent will be selected early in June. C. C. Menough, of this city, is district past chairman and Francis Robinson is district secretary and treasurer. It is expected that about 50 delegates will be present at the convention, although many other members of the order who are not delegates will visit the city during the convention. All the cities in eastern Ohio will be represented at the meeting.

FREE METHODISTS

Inspected Grounds Near This City With a View of Holding a Camp Meeting Here.

Rev. A. D. Zahniser, of Pittsburgh, a Free Methodist minister, in company with Rev. L. C. Andre, the local Free Methodist minister, spent yesterday looking over grounds in the vicinity of this city with a view of selecting the place to hold the annual camp meeting of the Rochester district. The camp meeting is held during the summer and usually lasts about nine days. They arrived at no conclusion and Rev. Zahniser returned home on the afternoon train.

TO MACKINAW.

Shipments Can Now Be Sent to That Port Over the Lakes.

Freight Agent George A Wassman this morning received a notice from Division Freight Agent C. F. Perkins announcing that the Detroit & Cleveland Navigation company had opened its lines to Mackinaw. The opening of this division will open all lake ports reached by that company.

A Growing Town.

In a recent issue of the Cleveland Leader appeared the following:

East Liverpool, O., is one of the most progressive manufacturing towns in the state. The great products are in the pottery line, a variety of decorated table ware leading. Quite an army of commercial travelers cover the entire United States in distributing the output of the mammoth plants. The city is situated on the Ohio river and is growing rapidly.

FROM THE PHILIPPINES.

An East Liverpool Boy Has Held a Full Hand on the Battle Line.

Legaspe, P. I., Feb. 12, 1900.

"Dear Mother—Received your letter and was very glad to hear from home. We have been having quite a bit of excitement of late and have been doing battle against the insurgents for the last 10 days. Our regiment has lost five men killed and 15 wounded. Our boys have knocked over something like 500 of the enemy since we landed. We have been having a great deal of rain, but the climate is very pleasant. I have enjoyed very good health, taking into consideration the hardships I have been compelled to endure, in common with my comrades. Don't think that we grumble much. We are not built that way. We have as fine a set of soldiers as can be mustered anywhere. We expected rough knocks when we enlisted, and we are getting them. But think of the other fellows, the insurgents. We make it good and warm for them and repay them every time for treachery and ambuscades. They are friends to your face and foes at your back. We understand them pretty well by this time, however, and they are acquiring a healthy respect for Uncle Sam's boys. Our straight shooting 'Kraggs' are splendid features in an argument of this kind; very convincing, and stop all unnecessary disputes.

"I feel it in my bones that this fuss will not last much longer and that a large part of the army will return to the states. We get poor grub, as we are far distant from Manila, our base of supplies, and the supply boats make very slow time.

"There was a man by the name of Hughes in Company E. He was killed by the insurgents, and I was fearful that you would think the natives had got your boy. You know, by this time, that I am all right. We expect to be relieved in a short time and sent to Manila for a much needed breathing spell and rest. Give my kind regards to all the friends.

"Your loving son,

"JOHN HUGHES.

"Company L. 47th Regulars."

PULLMAN PARLOR CARS.

Improving the Train Service to Pittsburg and Cleveland via Pennsylvania Lines.

New Pullman parlor cars have taken the place of the parlor cars running on trains Nos. 387 and 388, between Pittsburg and Cleveland over the Pennsylvania lines. The new cars are the latest pattern turned out by the Pullman company and are finished and furnished in a substantial manner. They have roomy and comfortable revolving arm chairs, wide plate glass windows, commodious smoking apartment and a large retiring room for ladies. This room is fitted up with dresser and plate glass mirror. The new cars leave East Liverpool for Cleveland at 2:49 p. m. and for Pittsburg at 7:04 p. m., central time, week days.

The Sanitary Sewer.

The sewer commissioners will not have a meeting until H. A. McNicol returns to the city. The work on the sanitary sewer is progressing rapidly and the trunk sewer will soon be completed. This summer should see the completion of the larger part of the sewer in district No. 2.

New Uniforms.

The new policemen will order their uniforms from a Cincinnati firm and expect to get them within two weeks after the order is placed.

NOTICE TO WATER CONSUMERS.

Water rent now due, pay promptly and save 10 per cent during the month of April.

ESCAPED FROM JAIL.

THE CLEVER SCHEME THAT WAS WORKED BY ONE CROOK.

He Wanted a Certain Book, and He Got It, Thanks to a Benevolent Lady, and Its Title Proved to Be Particularly Appropriate.

"The recent escape from the parish prison," said a secondhand bookseller on the old side who has almost as many reminiscences as he has volumes, "reminds me of a very curious case of jail delivery in which I was an accessory before the fact. I was never arrested for it, but don't object to telling you the story.

"One day in the summer of 1895 a good looking, well dressed man strolled into the shop and said he wanted to get something that would interest his old mother, whom he described as very religious and fond of antique books.

"We picked out a dozen or so together. Fox's 'Book of Martyrs,' 'Pilgrim's Progress,' Mather's 'Sermons of Occasion,' Pusey's 'Daniel the Prophet' and among others a quaint, massively bound volume called 'The Friend In Affliction.' They were all interesting old copies, but my caller told me he would like to submit them to his mother before closing the purchase and offered to leave a \$50 bill as security.

"That was agreeable to me, and he carried away the lot. Next day he returned and brought back three or four of the books, among them 'The Friend In Affliction,' which he remarked laughingly had given his mother the blues. The others he paid for, and I have never seen him again from that day to this.

"Almost a week after his visit, however, a thin, prim, precise, elderly lady, a typical spinster from head to toe, came in one afternoon and began looking over the shelves. Presently she ran across the same old 'Friend In Affliction' that had fared so badly in the other trade, and, much to my gratification, she purchased it on the spot. It was exactly the thing, she said, to give consolation to an unfortunate person of her acquaintance who was then in great trouble. I was glad to get rid of the book and let her have it for a couple of dollars.

"Fully a month afterward I was amazed to receive a visit from a big, burly man, who introduced himself as a detective, produced 'The Friend In Affliction' from a valise and asked me what I knew about it.

"The book had suffered since I saw it last. One of its thick covers was ripped open, and sticking inside was a small steel file. The story the detective told me was certainly extraordinary.

"It seems that a noted northern crook had been in jail in a small town up the country on a charge of bank burglary and being a very smooth rascal had enlisted the sympathy of a philanthropic old lady of the place who had a fad for prison reform. He persuaded her that he had thoroughly repented, and she used to visit him regularly and bring him tracts and delicacies.

"Among other things he told her that while broke in New Orleans he had sold all of his belongings, including a keepsake from his mother—a volume called 'The Friend In Affliction.' He gave her my address as the place where he had left the precious relic and worked on her feelings to such an extent that she promised to secure the book for him the first time she visited the city.

"How she discovered and purchased it you already know. On her return she carried it straight to the jail, and while ordinarily all gifts for prisoners were closely examined, this lady's high character made such precaution seem unnecessary and she passed in the volume without question.

"A few days later the turnkey found a barred window neatly sawed and the bird flown. He also found 'The Friend In Affliction' lying on the floor, and in one of the massive covers were several saws and the file I have mentioned. Of course the philanthropic old lady was immediately questioned, and her hysterical replies led to the visit of the detective, but nothing ever came of the quest. The fugitive is supposed to have left on an outbound steamer—at any rate he was never caught.

"What about my first customer, did you ask? Oh, he was undoubtedly the pal who planted the saws."—New Orleans Times-Democrat.

"Off" For "Off."

I always say "I bought it off Jones," and up to now, through so constantly hearing people, my late father includ-

ed (he always used to pronounce coffee as corfee), talk in this way, thought it was right. Still this would be only in conversation. Writing to any one, saying I had bought anything, I should put "of Jones" or "from Jones." I suppose "from Jones" would be perfectly correct.

I have heard this form of speech in many different parts of the country, but most frequently, I think, in and near Liverpool.

The use of "off" for "of" and "off" is common in the north of England.—Notes and Queries.

An Odd Coincidence.

"Late one night some years ago in a western town," said an old telegraph operator, "I received a message which read, 'If you wish to see your brother alive, you will have to come immediately.' The message came from San Francisco and was addressed to an old man who lived across the street from the station, so I put on my hat and went over and delivered it, seeing that it was important that he should have it at once.

"The old man caught the train that left at midnight, and while he was buying his ticket he told me that the message referred to his brother who had left home 20 years before and from whom he had heard nothing during all that time.

"The next night a party called and asked if there were any messages for him, giving the same name as the old man who had left the night before. He must have noticed that I looked at him rather blankly, for he went on to explain that he had a brother in California who was sick and that he was anxious to hear from him.

"Well, it turned out that the message that I had received the night before was intended for him. He was a stranger in the town and chanced to bear the same name as the old man whom I had sent on a wild goose chase across the continent. Fortunately for me I was transferred to another town before the old man got back. That is all there is to the story except that it is true."—Detroit Free Press.

Moro Polygamy.

Polygamy is the Moro's by religion and divine right. A Moro must give a separate house to each wife, in which she is supposed to set up housekeeping with a sufficient number of women slaves to wait upon her. She may own them in her own right, but more often her Moro husband must purchase them for her. As women slaves bring a higher price in the market than men the drain on the husband's exchequer is immense.—Cincinnati Enquirer.

A MEASURE OF MERIT.

East Liverpool Citizens Should Weigh Well This Evidence.

Proof of merit lies in the evidence. Convincing evidence in East Liverpool.

Is not the testimony of strangers. But the endorsement of East Liverpool's people.

That's the kind of proof given here. The statement of an East Liverpool citizen.

Mrs. Edward Orr, of 220 Thompson street, says: "My sister, Mrs. Borland, of Pittsburg, while visiting me, recommended Doan's Kidney Pills so highly that I was induced to try them.

I had severe attacks of kidney complaint; sometimes I was so bad I could not get up; many times my neighbors came and found me lying on the lounge suffering when I intended to do a big day's work. I was so miserable I could do nothing. After my sister told me of the pills I made up my mind to try them, and got a box at the W. & W. pharmacy. They did just what they claimed they would do—cured me sound and well in a few days. My little girl was feeling poorly and had a sallow complexion for some time. I gave her a few doses and after the treatment she felt splendidly."

The United States senate committee in firing Senator Clark, the \$10,000 check man, with true senatorial courtesy declined to implicate the senator in the corrupt practices of his agents.

Probably what's worrying the sultan is the fear that the other nations might jump him for making the United States a preferred creditor.

When he goes into bankruptcy he wants to let them all in on the same level.

AT LAST.

The news that something is at last to be done towards remedying the trouble on the East End road at the power house, by widening the road, and that council has located the road near Dry Run so that the county commissioners can now go ahead with the erection of that bridge over the run, will be very welcome to the public. The new council has taken hold in a business like way and should soon wipe out the arrears on the calendar left by the last body.

"BUNDLES OF HINDRANCES."

Evangelistic Services Were Intensely Interesting at Y. M. C. A. Hall Last Night.

Evangelist Duncan MacGregor delivered an extremely interesting address at the Y. M. C. A. hall last night. He possesses the happy faculty of rendering his illustrations in such plain and comprehensive language as to delight his audiences. He makes the religion of the Christ a much-to-be-desired religion, full of happiness and joy, permitting the followers thereof to be the best satisfied residents on this earth, with the absolute assurance of a residence in the "house not made with hands, eternal in the heavens;" "heirs to an inheritance that is incorruptible, undefiled, and that fadeth not away."

The evangelist was talking last night of the "hindering bundles;" bundles of sin, selfishness and worldliness; bundles which will not permit the possessor to pass through the golden gates of God's mercy, into the beautiful city, in the presence of Jesus and His disciples and of the great redeemed throng, washed and made clean in the blood of the Lamb. If you have not heard this eloquent follower in the footsteps of the meek and lowly Nazarene, avail yourself of the opportunity tonight, at 8 o'clock, at Y. M. C. A. hall. You will be given a warm and hearty welcome.

Horse Ill Treated.

This morning a telephone message was received at the office of Justice McLane, stating that a horse was being ill treated on Seventh street. Humane Officer Miller investigated the case, but found nothing upon which a suit could be based.

LOCATED A ROAD.

COUNCILMEN VISITED PENNSYLVANIA AVENUE.

Property Owners Were Present to Make a Number of Suggestions.

Councilmen Marshall, Peach, Arnold, Engineer George, L. W. Healy and a number of property owners yesterday afternoon viewed the extreme east end of Pennsylvania avenue for the purpose of locating the road a short distance this side of Dry Run.

The county commissioners agreed to build a bridge across the run just as soon as council located the road, but it has long been a disputed question as to just where the road should go at this point and for that reason the bridge has never been built.

There is a 50-foot road at the point under dispute and yesterday it was permanently located by being moved a foot to the north of where the present road now goes.

The action of the committee will be reported to council tonight and the county commissioners will be notified at once in order that they may get the new bridge built this summer.

PRAYERMEETING.

The Ladies of the City Will Hold a Union Missionary Prayer Meeting Thursday.

The ladies of the Presbyterian Missionary society have arranged for a union missionary prayer meeting to be held in the First Presbyterian church Thursday afternoon. The meeting is to be in sympathy with the missionary conference now in session in New York city. The ladies of all the congregations of the city have been invited to be present and take part in the exercises. The meeting will last from 1 o'clock to 6 o'clock. The ladies of the different churches will have charge of the meeting in the following order: Methodist Episcopal, United Presbyterian, Methodist Protestant and Presbyterian.

All interested in the work are invited to be present and present any item of interest either on foreign or home work.

Will be Sent Home.

The township trustees this morning were asked to send a party who is ill in this city to his home in St. Louis. The trustees communicated with the infirmary directors and it is expected the request will be granted.

CAMPBELL AS SECRETARY.

Former West Virginian Appointed Assistant to Hitchcock—Auditor For Porto Rico Named.

WASHINGTON, April 24.—Frank L. Campbell has been appointed to succeed Webster Davis as assistant secretary of the interior. He is 56 years old. He was born in West Virginia, and left Washington and Jefferson college to enter the union army. At the close of the war he opened the first free school in West Virginia. In 1870 he came to Washington as an employee in the census office, and rose steadily to an assistant attorneyship in the office of the assistant attorney general for the interior department, which position he has held for 19 years, having by promotions become first assistant attorney.

John R. Garrison was nominated by the president to be auditor of Porto Rico. Although a native of Virginia, he has been a resident of Washington since the Civil war and has been connected with the treasury for almost 30 years, most of the time in the accounting office. For a number of years he was deputy controller of the department until that office was abolished by the Dockery commission in 1894. Mr. Garrison was considered one of the ablest treasury accounting officers, and a year ago was sent to Porto Rico as auditor of customs. He is now in that country.

A native Porto Rican will be appointed treasurer of Porto Rico.

Attorney General Griggs is trying to find for the president some prominent lawyers in this country who will accept judicial places under the new bill. The salaries are so small that few lawyers of note can be found to consider the positions.

TODAY MAY DECIDE

THE FATE OF QUAY.

Case to Be Disposed of at 4 O'Clock This Afternoon—Debate in the Senate.

WASHINGTON, April 24.—Today, at 4 p.m., under a special order, the Quay case is to be disposed of. A direct vote upon the proposition to seat Mr. Quay may not be taken immediately after the close of the debate. Mr. Chandler has a motion pending to seat Mr. Quay, but it is held by the senate parliamentarians that every subsidiary motion will take precedence over Mr. Chandler's motion. These include motions indefinitely to postpone, to postpone to a definite date, to recommit to the committee and to amend. How the senate will vote on any of them is a matter of speculation.

In support of Mr. Quay's right to a seat speeches were delivered Monday by Mr. Chandler (N. H.), Mr. Kenney (Del.) and Mr. Penrose (Pa.). Mr. Platt (Conn.) and Mr. Quarles (Wis.) delivered speeches in opposition to Mr. Quay. Mr. Chandler, chairman of the committee on privileges and elections, submitted to the senate the report in the case of Senator William A. Clark of Montana.

Mr. Pettus (Ala.), a member of the committee on privileges and elections, at one point said: "A minority of the committee disagree with portions of this report, and they desire to submit their views in writing, without in any way dissenting from the conclusions."

The resolution was then sent to the calendar.

ALLOWANCE TO ARMY OFFICERS.

Griggs Said Law Was Not Violated—Root Explained.

WASHINGTON, April 24.—The additional pay allowed a few army officers in Cuba was considered at the cabinet meeting. Attorney General Griggs had been asked if any law had been violated. He reported to the cabinet that there was no violation of the law, and that the action taken was warranted.

Secretary Root said that soon after General Brooke was made governor general of the island he wrote to the war department, asking to be relieved, saying that he could not maintain a family in the United States and run an expensive establishment in Havana on the salary and allowances received from the government. He was given an additional allowance from the Cuban funds. The same was done for others.

Postoffice Bill Considered.

WASHINGTON, April 24.—The house entered upon consideration of the postoffice appropriation bill, and general debate which closed with the adjournment was devoted largely to the discussion of pertinent matters. The minority of the committee dissented from the provisions in the bill relating to the extension of the pneumatic tube service, special fast mail facilities and the cost of railroad transportation, and these were the main subjects of contention.

Captain Carter's Sentence Stands.

WASHINGTON, April 24.—In the supreme court Chief Justice Fuller handed

down the opinion of the court in the case of Captain Oberlin M. Carter, dismissing his appeal from the decision of the circuit court for the southern district of New York. The effect of the decision is to leave in force the decision of the circuit court, refusing to interfere in the sentence of the court-martial.

Japan to Restrict Immigration.

WASHINGTON, April 24.—Information has reached Washington to the effect that the Japanese government itself, and without waiting a request from the United States, is about to take steps to restrict the immigration of Japanese coolies to the United States.

Cowboy Blacksmithing.

"Up at my camp near the Four Peaks," told Jim Park, the well known cattleman, "the boys are all handy with a rifle. We've a lot of guns up there. Most of the new guns were bought during the Spanish war, when we would experiment all day with tree trunks and rough trenches, learning the art of war at home. We found that a bullet from one of the new Winchesters, driven by smokeless powder, was good for four feet and more of pine timber and for more than an inch of iron.

"I thought the boys had done about everything in the shooting line that could be done long ago, but I was mistaken. I sent them up a wagon. In hauling down some firewood they broke the bolsters all to flinders. The bolsters hold up the wagon bed, you know. Well, the boys figured out an right the rebuilding of the wood parts, but came near being stumped on the iron fixings. They got some old iron wagon tires and cut them in proper lengths, but hadn't a way that they could see to punch the necessary bolt holes. Finally the question was solved. One of the boys carefully marked the places for the bolts, stood the piece of tire against a tree and put a bullet, 30 caliber, through the tire at each place marked. It was a novel sort of blacksmithing, but it worked."—Arizona Grapevine.

Garland and the Virginian.

Cleveland's first attorney general, Garland—a specimen of what Lincoln called the plain people—was born in Arkansas and "raised" in blue jeans. One day, at the department of justice, he received a visit from a Virginia gentleman of aristocratic manner, who bored him horribly with talk about "first families."

"It seems to me, suh," said the visitor at last, "that there are Gyarlands in No'th Cal'ina. I once met a gentleman named Henry Gyarland, from that state. May I ask, suh, if he was a relative of yours?"

"First cousin," replied Mr. Garland shortly. "He was hanged for horse stealing."

A look of ill conceived horror and disgust came over the visitor's countenance. Then, drawing on his gloves, he rose to his feet, took up his hat, and waving a hand toward the walls of the room, said: "A fine collection of portraits you have here, Mr. Gyarland. Your predecessors in office, I presume?"

"Yes," grunted Mr. Garland. The Virginian stalked out, evidently glad to make his escape, and the attorney general, turning to his chief clerk, grinned and remarked:

"He'll never bother me any more."—Pittsburg Dispatch.

Mrs. Growells—Yes, and so do the neighbors. They think it is becoming very ancient and decrepit.—

M'CARRON'S FIRST

CRIMINAL CASE DISPOSED OF SATISFACTORILY.

Mr. Houser and Mr. Fennell Adjust Their Troubles in the New Justice Court Today.

Adam Houser, a resident of Fourth street, was brought before Justice H. P. McCarron on a charge of breach of the peace and threatened violence preferred by his neighbor, Patrick Fennell. It seems that Adam had loaded up with bad whisky and had become loud in his threats against Pat and the neighborhood in general. This was more than Pat's Irish blood could withstand. He went before Squire McCarron and deposed and said Adam Houser was "carrying on" in a manner hurtful to the peace and quiet of the community, that he further offered, without any just cause, to do the complainant bodily harm. When Adam appeared before Squire McCarron his better judgment told him it would be wise to acknowledge his fault, and hope for a lighter penalty, as this was Justice McCarron's first criminal case. He was assessed a fine of \$3 and costs, which he paid and was released from custody.

A LENGTHY MEETING.

Persons Who Will Form Wellsville Pottery Company Met Last Evening.

The persons who will be interested in the Wellsville pottery company, which will operate the Pioneer pottery at Wellsville, held a conference last evening in the office of Monroe Patterson on Walnut street. The meeting lasted until about midnight and the policy of the new company was thoroughly canvassed. John W. Patterson came here from Indianapolis to attend the meeting and left again this morning for the west. The officers were not selected, this being deferred for a few weeks.

Two mould makers are now working at the Pioneer. They are Joseph and Louis Lawton, recently employed at the Anchor pottery at Trenton.

SUED TOO SOON.

Debtor Moved Out of the State, But Left the Money to Pay Behind Him.

Robert R. Wright, of St. Clair township, yesterday entered suit in the court of Justice McLane against William Hight, to recover \$30.90, claimed due for work and labor, and goods sold and delivered.

Hight is an oil driller and put a well down near the residence of Mr. Wright. Wright sold him some coal while he was drilling and also worked for him occasionally. Hight intended to move his rigging to Pennsylvania, a distance of about 100 yards from where the well was drilled, and as Wright did not get the money which he claimed was owed him he entered suit. While in the city filing the complaint, Hight moved his machinery out of the state, but left what he owed Wright with Mrs. Wright. When Wright returned to his home and found the claim had been paid he came back to the court and stopped proceedings in the suit and paid the costs.

MORE LITIGATION.

The Hotel Lakel Property Figures in a Forcible Detention Action.

J. W. Reilly yesterday entered suit in the court of Justice Riley, of Wellsville, against E. T. Jones, of this city. The case is for detention of the Hotel Lakel property. A hearing will be had Friday morning at 8 o'clock. The papers in the case were served by Constable Thorn yesterday afternoon.

Went Fishing.

It is expected there will be plenty of fish for sale in the city this evening and the price will be very cheap. The occasion for the expected overstock in the market is caused by the fact that City Treasurer Herbert and A. G. Minehart went fishing early this morning and Councilman Peach left a short time before noon. George Morton is preparing to go fishing in a few days.

Stage Thunder and Lightning.

The reason why the mechanism for making the noises that give realism to a play are never seen by the audience is because the illusion would be completely destroyed if its operations were exposed to view, explains Frank Fyles in *The Ladies' Home Journal*.

The noise of the waiter falling down stairs with a tray of dishes, for instance, is simulated by dropping as often as necessary a basket filled with bits of broken china, and a cylinder of silk, turned with a crank, drawing the cloth over wooden flanges, gives a perfect rain and wind storm. A lightning accompaniment is made by touching an ordinary file to a bit of carbon, both on live wires, and thunder by rolling tenpin balls in a long, narrow, wooden trough.

The rumble of the wheels of a carriage is imitated with a vehicle like a miniature freight car run on a wooden track, and a striking of wood or metal on hard or soft surfaces serves to convince an audience of the approach or departure of a horse. When there is war, a single shot or two is usually the real thing, but a rifle volley effect is obtained by rapidly beating a dried calfskin with rattans, while heavy strokes on the bass drum convey the idea of cannonading.

If this mechanism were seen in operation by an audience, it would make the whole performance seem ridiculous.

Longevity of Whales.

Some light was thrown upon the subject of the vitality of whales by finding one of these animals in Bering sea in 1890 with a "toggle" harpoon head in its body bearing the mark of the American whaler Montezuma. That vessel was engaged in whaling in Bering sea about ten years, but not later than 1854. She was afterward sold to the government and was sunk in Charlestown harbor during the civil war to serve as an obstruction. Hence it is estimated the whale must have carried the harpoon not less than 36 years.

In connection with this fact William H. Dall gives an account in *The National Geographic Magazine* of a discussion with Captain E. P. Herendeen of the United States National museum of cases of whales that have been supposed to have made their way from Greenland waters to Bering strait and to have been identified by the harpoons they carried. While it is very likely that the whale really makes the passage an uncertainty must always be allowed, for ships were often changing ownership, and their tools were sold and put on board of other vessels, and harpoon irons were sometimes given or traded to Eskimos. It therefore becomes possible that the animal was struck with a secondhand iron.—Popular Science.

Elephant and Train.

A big and ugly elephant which had long been an object of pursuit to the sportsmen of the Straits Settlements one day wandered on to the railway line and tried conclusions with the engine of a goods train, charging it repeatedly and keeping up the contest for nearly an hour. The engine was reversed in the hope that the beast would allow the train to proceed, but as soon as there was any attempt to renew the journey the elephant returned to the encounter and resumed its obstructive tactics. The driver was afraid to charge the brute, lest the train should be thrown off the rails, and the contest might have gone on much longer had not the elephant backed into the engine and, setting its fore feet firmly between the rails, endeavored to shove the train backward with its hind quarters.

The driver took advantage of the opportunity and put on steam, gradually forcing the beast off the line. In this maneuver one of the wheels of the engine went over the hind legs of the animal, which was put out of its misery by the guard of a following passenger train.—Science.

Humors of the Law.

In a recent bankruptcy case, in speaking of justices of the peace, they are said to be "officers by no means infallible, frequently innocent of law and actually sometimes known to construe the abbreviation affix designating their office, 'J. P.' to mean 'judgment for plaintiff.'

A federal court, in explaining that the functions of a *charge d'affaires* were not shown by the literal translation of the terms, illustrated by saying, "To appoint a person chief builder could not be understood to invest him with the ecclesiastical functions of the *pontifex maximus*."

MODERN MINE SALTING.

The Way This Swindle Is Artfully Worked in Mexico.

"Mine salting nowadays has developed into a very nice art," said an engineer and assayer who has lately returned from the inspection of some properties in old Mexico. "In former times it was done crudely. A rascal who wanted to give fictitious value to a worthless prospect hole generally bought or stole a sack of high grade ore and simply scattered it about the excavation, where the victim would be likely to pick up a few pieces for sampling. If an exposed ledge was to be dealt with, he sometimes fired up a \$20 goldpiece, loaded the dust into a shotgun and fired it against the surface from which specimens would be taken.

"But at present greater finesse is needed. The up to date purchaser insists upon having fresh ore blasted out from beneath the surface, where it could not possibly be tampered with, and seals it up in a little canvas sack for the assayer with his own hands. It is then that the latest development, the hypodermic syringe, comes into play. The scientific mine salter has one of these handy little implements in his coat pocket, charged with a solution of chloride of gold.

"He watches for an opportunity, and when one presents itself quietly thrusts the tip of the needle through the canvas sack and gives the piston a gentle push. The consequence is that a few drops of the liquid are discharged over the surface of the ore. The quantity of gold in the solution is almost infinitesimal, but it is enough to 'run up' an assay \$1,000 a ton.

"Meanwhile the victim is tranquil in the knowledge that he has selected the samples himself and has them safely packed under his own private seal. Hypodermic mine salting is all the go in Mexico at present. It beats the old method to death."—New Orleans Times-Democrat.

RUSSIAN POLICEMEN.

New Governor's Test For Their Alertness Was a Failure.

A good story is being told in St. Petersburg of the Russian police which the papers pronounce to be exceedingly characteristic. A new governor was sent to a certain town in the interior, and the inhabitants at once began to complain that the police were badly organized, since, however much they were wanted, they would never come when they were sent for. The governor determined to test this for himself, so one night he set out for the barracks where the police and the fire brigade were quartered. He accosted the sentry:

"Do you know me?"

"Yes, your excellency."

"If a man was being murdered close by, would you quit your post?"

"Never, your excellency."

"Good," said the governor. "You know your duty. Well, what would you do?"

"I would blow my whistle to rouse the guard."

"Good. Let us suppose some one is being murdered here. Whistle."

The soldier blew, but not a soul answered. He blew again and again, but the same silence prevailed.

"That will do," said the governor at last. "You have whistled your utmost, and nobody has come; but, at any rate, your conscience is tranquil. Now you can go to sleep. The man could have been murdered two or three times over. It is unnecessary to overdo it by trying to wake your comrades, who appear to sleep like the dead. The czar should be proud of such steady soldiers."

With that the governor went off, congratulating himself that no one would be likely to accuse his police of having a share in the midnight murders of the town.

A Dreary Thoroughfare.
Of all dreary roads few have such desolate surroundings as that leading from Jerusalem. The road winds among rocky hills which for miles seem destitute of every living thing save occasional flocks of long black-haired goats and sheep, apparently eating pebbles. Attended by a youthful shepherd, the steep hillsides are dotted with holes and caves cut in the rock.

Reports Heard From Many Lands.

ECUMENICAL BUSINESS SESSIONS.

President Washburn, of Robert College, Constantinople, Said Missionaries Wanted Only Their Rights Under Existing Treaties—Friendly Voice From England.

NEW YORK, April 24.—The business sessions of the Ecumenical conference on foreign missions began simultaneously in Carnegie hall and the Central Presbyterian church.

Walter B. Sloan, secretary of the inland mission of China, led the devotional exercises in Carnegie hall, and the Rev. James Cunningham, M. A., of the Memorial Presbyterian church of Wadsworth, London, conducted exercises at the Central Presbyterian.

At Carnegie hall the Rev. Dr. Augustus A. Strong, president of Rochester Theological seminary, delivered an address on "A Century of German Nations."

The Rev. S. Hudson Taylor, founder of the China Inland mission, spoke on "The Source and Power of Foreign Missions."

Robert E. Speer, secretary of the board of foreign missions of the Presbyterian church of the United States, spoke on "The Supreme and Determining Aim in Foreign Missions."

The meeting in Central Presbyterian church was addressed by Rev. James L. Vance, of Nashville; Rev. Henry T. Chapman, secretary of the United Methodist Free Churches in England; Rev. Paul de Schweinitz, secretary of the board of missions of the Moravian church, and Rev. Dr. H. C. Mable, secretary of the American Baptist union.

Rev. James Cunningham, M. A., of London, England, presided and contributed a few words to the discussion of the theme for the day, "The Authority and Purpose, the Source and Power, and the Supreme and Determining Aim in Foreign Missions."

Rev. I. B. Wolf, Rev. J. Wilkie, Rev. L. W. Scudder, Rev. Dr. Parker, of Northern India, and Rev. J. E. Abbott, of Bombay, addressed the meeting upon missionary work in farther India.

The meeting at the Madison Avenue Reformed church was devoted to a discussion of missionary work in Mohammedan lands. Rev. James L. Barton, president of the American board of missions in Turkey, spoke of the situation in the Ottoman empire.

Rev. William Jessup spoke upon mission work in Syria; L. H. Hutton, president of the Presbyterian mission board, spoke on missions in Arabia; J. Har- graves Ridgeford on early efforts of missionaries in Northern Africa, and John Giffen, a missionary of Egypt, of the United Presbyterian church, on Egypt.

George Washburn, president of Robert college, in Constantinople, said in part:

"Contrary to a seeming belief, missionaries in Turkey have no political purposes whatever. All that they ask of the Turkish government is that they be given the rights guaranteed by the treaties existing between the two countries."

Dr. Grace Kimball, of Vassar college, formerly missionary to Turkey, spoke briefly on Turkey, Dr. Edward Riggs on Greece and Rev. T. C. Wilson on Jerusalem and mission work in Palestine.

At the Broadway tabernacle several missionaries gave a general survey of the mission work in the islands of the Pacific. Bishop John F. Hurst, of Washington, spoke on the Philippines.

Rev. Canon Edwards, of the Exeter cathedral, London, and secretary of the London Bible society, then spoke of the work which the Bible society had done in the islands of the Pacific. He said that society had spent over 20 years in compiling a new testament in the language of the Filipinos, but Spain had not allowed them to do any missionary work in the islands, and hence they had not been able to make any use of the work, but now that they had the United States to deal with the society would allow the American missionaries to use this work. He also said, referring to the United States:

"England rejoices in your joys and delights in your prosperity."

Rev. Dr. Wardlaw Thompson, of London, and Rev. John G. Payton, of the New Hebrides, of the work in those districts.

R. Oallenbach, spoke of the Dutch mission and Sumatra, and O. H. Gulich, of Hawaii, and Madagascar.

Afterward other meetings were held in neighboring churches. Reports made at these meetings concerning prospects in China, Assam, Siam, India, Ceylon, etc., and Mohammedan

lands, Africa, North and South America and also among the Hebrews in all lands. All the meetings were largely attended and addresses were made by several missionaries in each.

Both Carnegie hall and the neighboring Central Presbyterian church were crowded to their capacity at the evening meetings, last night.

At Carnegie hall addresses were read on "A Century of Missions."

To the left of the main aisle were seated the delegates from Japan, Korea, Oceanica, West Indies, China, Central America, Mexico and South America. To the right were Siam, India, Ceylon, Burma, Assam, Syria, Egypt, Turkey, North and South America, Persia, Arabia and Africa. Each section was marked by a placard. The meeting was called to order by the Rev. Dr. Ewing, who introduced the Rev. Dr. A. T. Raymond, professor of Union college, as the presiding officer.

Rev. Dr. H. J. Willinger, of Richmond, Va., offered prayer.

A telegram was read from the bishop and conference of the African M. E. church, now in session at Baltimore. It congratulated the conference on its successful meeting, wishing it success and godspeed.

The first speaker of the evening was Eugene Stock, editorial secretary of the London missionary society.

Rev. Dr. A. Schreiber, secretary of Reinish missionary society, read an interesting paper on "A Century of German Nations."

Next on the program was the reading of statistical summaries, which showed a leavening influence on the missions of the world. They were given by Rev. Dr. James S. Dennis.

The closing address of the Carnegie hall meeting was given by Rev. Arthur T. Pierson on the "Superintending Providence of God and the Wonderful Opening by Prayer and Faith of Long-Sealed Doors."

Following his address the meeting was closed by the benediction.

In the Central Presbyterian church essentially the same ground was covered in discussing a "Review of the Century." The speakers were Rev. R. Wardlaw Thompson, secretary of the London Missionary society; Rev. John G. Payton, of the New Hebrides, and the Rev. Dr. J. Hudson Taylor, of the China Inland mission.

The Presbyterian union of New York gave a reception last night in the Hotel Savoy to the delegates and missionaries of the Presbyterian and Reformed churches attending the Ecumenical Conference and their families.

The guest of honor, Benjamin Harrison, was present with Mrs. Harrison. The guests numbered about 500.

Rev. Dr. George Robson, of Edinburgh, delivered the principal address on "Presbyterianism."

Former President Harrison also spoke briefly. Later he left for Washington.

PORTE'S FAVORABLE TRADE.

Destroyed Property of American Missionaries to Be Rebuilt at Kharput.

CONSTANTINOPLE, April 24.—An imperial edict has been promulgated authorizing the rebuilding of the property of the American missionaries at Kharput and the construction of an annex to the Roberts college at Constantinople.

WASHINGTON, April 24.—Lloyd Griscom, the United States chargé d'affaires at Constantinople, has cabled the state department that the Turkish minister for foreign affairs has informed the ambassadors that the porte will not raise tariffs without previous agreement with the powers.

The state department had no official confirmation of the dispatch from Constantinople announcing the sultan's edict regarding the rebuilding of the American mission property at Kharput. The news was received with considerable satisfaction (however being regarded by officials as a friendly act on the part of the sultan) and possibly an earnest of full and final settlement of the indemnity claim.

"This is a part at least of what we have been working for for two years past," remarked one official when shown the dispatch. "It will be pleasant news for the Ecumenical Conference in New York."

No one in authority was willing to discuss the matter in detail, but it is understood that while the action of the sultan is regarded with pleasure here, it does not necessarily indicate that the claim for indemnity is abandoned nor that the incident is closed.

FRIENDLY TO THE U. S.

A Paris Paper Favours Our Attitude Toward the Sultan.

PARIS, April 23.—The Temps published a long article on the Turko-American situation, reviewing the circumstances in a manner quite friendly to the United States, and expressing confidence that Turkey will pay the indemnity demanded by the United States. Referring to the alleged intention of the United States to occupy Suez in default of payment, the Temps said:

"The United States would not, perhaps, be sorry to display a little before the eyes, not only of the sultan, but of entire Europe the newly-acquired glitter of their navy crowned with the laurels of Cavite and Santiago. The occupation of Smyrna would be no joke, and there is ground to hope that Abdul Hamid will realize the madness of resistance which, for such a trivial object, would bring about such serious results."

THE BOERS EVACUATED.

Pole-Carew's Men Seized a High Hill. British Casualties Reported In Dispatch From Roberts.

LONDON, April 24.—The war office issued the following telegram from Lord Roberts, dated Bloemfontein, April 23, 2:50 p. m.:

"Yesterday I dispatched the Eleventh division, under General Pole-Carew, and two brigades of cavalry, under General French, from this point to assist General Rundle. The force reached Karrfontein without much opposition.

"Casualties reported: Welsh regiment, 1 private killed, Captain Prothro mortally wounded and 7 men; Yorkshire, 8 wounded; Eighth Hussars, 1 killed, 1 wounded; Fourteenth Hussars, 1 wounded; Royal artillery, 2 wounded; Seventh Dragoons, Lieutenant Jenkins and 10 men missing. Captain Rotton, Royal artillery, broke an arm by a fall.

"General Pole-Carew's mounted infantry seized Learw kop, a high hill a few miles north of their last night's position. The enemy evacuated hurriedly, leaving some rifles and ammunition."

"General Rundle reports that 25 men of the First Worcesters are missing. Fifty-three were sent with Wood to an outpost after dark, and only 18 returned. Their numbers and names will be reported today, as well as four wounded yesterday."

The war office has given no explanation of the apparent discrepancy in the figures as to the men in the Worcester regiment.

BOERS WILL BE SNUBBED.

Commissioners Not to Be Received in Europe—Warning to America.

LONDON, April 24.—The Vienna correspondent of The Times said in part:

"The Boer peace commissioners will not be received either at Vienna, Berlin, St. Petersburg or Rome."

The correspondent goes on at great length to argue that "the latent feeling of hostility toward the United States, though not of a serious character, is yet strong enough to make an opportunity of putting a spoke in America's wheel very welcome," and he adds that "on this account America will probably realize the desirability of maintaining a good understanding with England."

REIGN OF TERROR IN INDIA.

Situation Not Improving—Millions of cattle Dying.

CALCUTTA, April 24.—The latest official reports from the famine districts say that the misery existing there is indescribable and unparalleled, and that the present relief is quite inadequate. The mortality among the cattle is so severe that the authorities are trying to adapt farm implements so that human power can replace that of bullocks.

It is also announced that the natives are developing ugly feelings and are attacking Europeans.

Kentucky Case to Be Heard.

WASHINGTON, April 24.—After devoting next Monday and Tuesday to hearing argument in the Kentucky governorship case the supreme court will take a recess until May 14, and then until May 21 these two sessions to be for motions and opinions. May 21 the court will adjourn finally.

Safety in Battle.

Every soldier believes that the only safe place under fire is the recent scene of some cannonade escapade. When defending a fort or camp, the wounded are generally placed in the breaches, as the enemy is not likely to waste powder and shot on points which have already been cleared of all barricade.

The same holds true of naval engagements. Sailors much prefer to sit in some yawning gap still hot and smoking from the effect of a splintering cannon ball than behind the stoutest bulwark.

Progress.

An Egyptian paper announces that "first class, up to date, modern dining cars" are to be run this season between Cairo and Luxor and that "an American dentist has started in business at Assouan, which is on the edge of the Sudan." A "palace hotel" at Khartum for the special accommodation of tourists will also be completed and opened for business in about three months.

VERY STRANGE CRIME.

Virginia Lady Found Injured In Philadelphia.

HUSBAND WITH THROAT CUT.

Mystery Surrounds Wounding of Ex-State Senator Kuhn and Wife—Youngstown Woman Murdered Husband and Killed Herself—Dayton Couple Suicided.

PHILADELPHIA, April 24.—Mrs. Lillie Kuhn, wife of former State Senator Kuhn, of Richmond, Va., was found in the side yard of a boarding house at 716 North Sixteenth street with her head and face badly lacerated, one leg broken and her body badly bruised. She was removed to St. Joseph's hospital, where her husband, with his throat badly cut, was also sent under the guard of two policemen. He is under surveillance on suspicion to await the result of his wife's injuries.

The affair is wrapped in mystery, as neither the injured couple nor the police would talk. Mrs. Kuhn was found in a pool of blood directly under the second story window.

YOUNGSTOWN, O., April 24.—Mrs. Lucy Christy shot her husband, Robert Christy, a roller at the Union iron and steel mill, and then shot herself in the head, dying instantly. Christy was shot in the neck and probably will die. Although known as man and wife, Christy had declared they were not, and threatened to marry another woman.

Mrs. Christy secured a revolver and declared she would kill Christy before he should live with another woman. They were heard quarreling just before the shooting.

DAYTON, O., April 24.—Albert J. Deady and his 16-year-old wife jumped from a bridge into the canal and were drowned, clasped in each other's arms. Albert Deady was employed as inspector by the National Cash Register company. They leave a young babe. They ate supper together and were cheerful. It is supposed Deady had financial trouble.

HORRIBLE WAY TO SUICIDE.

Unknown Man Drove Into a Coke Oven, at Connellsville, Pa.

CONNELLSVILLE, Pa., April 24.—An unknown man committed suicide at the foundry works of the H. C. Frick Coke company by diving into a coke oven.

CANAL DYNAMITING

CHARGED TO IRISH.

Report of United States Consul Brush on Blowing Up of Lock on the Welland Canal.

WASHINGTON, April 24.—The result of the inquiry, so far as it has gone, into the attempt to wreck the Welland canal by the use of dynamite was laid before the state department in a special telegraphic report from United States Consular Agent Brush, at Clifton.

The report completely exonerates the Buffalo grain handlers from all connection with the crime and strongly intimates that the attempt was the working out of a regularly organized conspiracy among certain persons in the United States believed to be affiliated with the Irish secret associations.

If Canada succeeds in getting evidence against the perpetrators of the crime the department will be called upon to secure the extradition of the men to Canada for punishment, if they shall be found within the United States. Under the existing British extradition treaty it is also an extraditable offense to conspire in the United States to commit a crime against property in Canada, so that the projectors of the scheme may be called to account.

Many Workingmen to Parade.

NEW YORK, April 24.—It is expected that 50,000 workingmen and women will be in line in the May day parade, which will take place next Saturday evening, under the auspices of the Central Federation of Labor and the United Socialist party.

REPUBLICANS MET.

Ohio Convention In Session at Columbus Today.

HANNA WON'T BE A DELEGATE.

Refused to Allow His Name to Be Used Grosvenor Likely to Be Sent in His Place—Foraker Not at the Convention—Laylin Congratulated.

COLUMBUS, April 24.—The Republican state convention met here today. Senator Foraker is not present.

Congressman Dick announced to delegates and others Monday that Senator Hanna absolutely declined to be a delegate-at-large, and this announcement was accepted everywhere as a declination by Hanna in favor of Congressman Grosvenor.

The four delegates-at-large when McKinley was nominated at St. Louis four years ago were Senators Hanna and Foraker, Governor Bushnell and General Grosvenor. This year they will be Senator Foraker, Governor Nash and Congressmen Grosvenor and Dick. General Dick denies that the platform was prepared in Washington, or that he brought any part of it with him. Some of the main planks were discussed in Washington, such as those on the tariff and monetary questions, with specific declarations regarding Cuba, Porto Rico and the Philippines. The policy of the administration with the Philippines and the Porto Rican bill will be endorsed, also the Paris treaty.

Ex-Representative Laylin, who will head the ticket as the candidate for secretary of state, has been receiving congratulations. Eight years ago when Foraker was defeated for senator by Sherman, Laylin was the Sherman candidate for speaker of the Ohio house, and was then nominated in the caucus by only one vote over J. Frank McGraw, the Foraker candidate. McGraw is the son-in-law of former Governor Bushnell. This time Laylin secured three-fourths of the delegates, and his opponent has withdrawn. This fairly indicates the unanimity of sentiment in Ohio toward Senator Hanna as the recognized representative of the national administration. Everything in the convention will likely be done by acclamation.

The faction fights that have characterized Republican state conventions in Ohio for years have been wiped out in some way. Some say all differences have been healed. Others cautiously say the factions have been repeatedly beaten and finally crushed. At any rate, this is the most harmonious Republican state convention in Ohio within the memory of the present generation.

QUAY TO BE A DELEGATE.

Will Be Sent to Philadelphia—Grow Sure of Renomination—Coming Convention Gossip.

HARRISBURG, Pa., April 24.—The struggle for the favors in the gift of the Republican state convention has begun in earnest. The candidates and their boomers are nearly all on the ground, however, and those who have not yet reached here will be on hand before the convention assembles tomorrow. Senator Penrose and other leaders will be here tonight for a conference at the executive mansion to plan the program for the convention. Chairman Reeder established his headquarters at the Lochiel hotel, and agents at work arrange the conveniences of the convention. Senator E. B. Hardenbergh, of Lancaster county, who has the field to himself, arrived from

Other candidate Dr. Theodore L. Congressmen Galusha, of Susquehanna county; Clearfield, all of whom are at work on the ground. Two candidates for nomination for this office, and the Mr. Grow will be his colleague wader, of Philadelphia, making an active campaign, and his friends profess to have no success. John A. Steel, of Green Bay, chairman of the delegation, and permanent chairman.

The indication at-large to the Philadelphia will of Beaver; Governor of Allegheny; Porter and Collier, Philadelphia; ex-

Leisenring, of Wilkesbarre; General Frank Reeder, of Easton, and B. W. Green, of Emporia.

No names have been mentioned for the four electors-at-large to be chosen by the convention. It is expected that most of the delegates will be on the ground by tomorrow evening and that the work of the convention will be pretty well mapped out by that time.

A DAY IN WALL STREET.

Buyers Took Advantage of Crash and Steadied the Market—Iron and Steel Stocks.

NEW YORK, April 24.—The expectation was quite general that the market would open with something like a crash in values on Monday, but, as is not unusual in Wall street, over-expectation defeated itself and there were enough buyers waiting to take advantage of the crash to steady the market almost immediately. Professional Wall street perceived the absence of pressure of long stock in the steel industrials with a cynical lack of surprise. Evidently the opportunity had been seized to dispose of long stock at the higher level of prices and the shorts were the most eager operators in the market in endeavor to cover.

This pretty clearly indicated a pause in the most aggressive tactics of the bear campaign. A collateral object of that campaign is generally believed to be to take on various stocks at the lower level of prices. The pressure of liquidation continued heavy during the first hour, and a second drive was made by the bears at the end of that time. But the steady absorption of offerings begot a very cautious mood among the professionals, and a decidedly quieter tone ensued in the market.

The undertone of the market was firm during the latter part of the day and the closing was strong and rather active, with the steel industrials at the best level of the day and at considerable net gains, amounting to $2\frac{1}{2}$ in the case of Federal Steel and $2\frac{1}{2}$ in steel and wire. Wall street still keeps an anxious eye on the situation in the iron and steel trade, but is inclined to go back of official utterances in forming its opinions.

The alarm first created over the cut in prices is mitigated by the well-filled ranks of the consumers, who are known to be waiting to place contracts at a lower level of prices. Last year's high prices are known to have been made by belated bidders, who had to buy at any price to fill contracts, and the dealings at the high level were for only a small part of the total product. A large part of last year's business was on old contracts which are known to have been worked off at lower rates.

The feature of the bond market was the quick rise to $85\frac{1}{2}$ of the Western New York and Pennsylvania general mortgage three-fours on the arrangement perfected with the Pennsylvania railroad. Otherwise prices yielded in sympathy with stocks. Total sales, par value, \$2,580,000.

United States bonds were unchanged in bid quotations.

IMMENSE CONTRACTS LET.

Greensburg (Pa.) Firm Got One—B. & O. to Make Extensive Improvements.

BALTIMORE, April 24.—The Baltimore and Ohio Railroad company awarded contracts for work to cost approximately \$1,650,000. One of the contracts is for the construction of Paterson creek cutoff, near Cumberland, Md. This was secured by Messrs. Bennett & Talbott, of Greensburg, Pa., the contract price being about \$900,000.

What is known as the Mt. Airy improvement was awarded to Messrs. F. H. Clement & Co., of Philadelphia, at approximately \$750,000.

The Baltimore and Ohio is also having extensive improvements made on its Chicago division, and plans are being prepared for extensive improvements in the vicinity of Pittsburgh. The management is determined to reduce grades and straighten curves as much as possible, and during the next few years will spend about \$25,000,000 on this and other work.

THE FIEND OF NERVOUSNESS.

When a woman's mind is constantly filled with nervous reasoning dread and apprehension it shows that her entire nervous system is disordered and broken down. Nine times in ten it indicates that there is some special disease or weakness of the important and delicate organs which make her a woman. Nine times in ten it means that some instant and radical measures must be taken to save her from complete mental and physical wreck.

"I was so nervous I couldn't bear to hear the sound of my own voice when alone," says Mrs. Nellie Brittenhan, of Davenport, Thayer Co., Neb. "I felt as though there was some one ready to grab me if the least sound was made. I really cannot describe the feelings I had, but I can say I have no such ugly feelings now and I trust I never may again. I was suffering from female weakness, and very much from nervous prostration."

"I was not able to do anything. I could not sit up all day. I had not sat up all day since the birth of my baby, four months before I began to take Dr. Pierce's medicines. I took one doctor's medicine for four months but did not get along at all; so discouraged, I thought I would try Dr. Pierce's Favorite Prescription and 'Golden Medical Discovery.' I took six bottles of the 'Prescription' and nine of the 'Golden Medical Discovery' and used Dr. Pierce's Pleasant Pellets along with the other medicines, and I can say they have done wonders for me."

"I do all my work now and feel better than for two years. I had not eaten anything for three months except some kind of soup and crackers; now I eat anything I want. I believe I owe my health to Dr. Pierce's medicines."

Discouraged, broken-down women should write to Dr. R. V. Pierce, at Buffalo, N. Y., and learn how carefully he studies into these apparently hopeless cases. He will send without charge, (in a plain sealed envelope) the best advice of a capable, experienced physician.

LOCAL BREVITIES.

One candidate was given the third degree at the meeting of the Rechabites last evening.

Mrs. E. B. Bradshaw, who has been visiting in the city for several days, left this morning for Columbus.

The molds for a new toilet set to be made at the Oliver pottery at Sebring have been ordered. The set has not been named.

Joe Maley returned to his work at the freight depot this morning after spending a few weeks at Salineville visiting friends.

R. L. McKenty, of College street, left for Cleveland this morning, where he this evening will attend a banquet given by an insurance company.

A land slide occurred on the Cleveland & Pittsburg road near Merrill station yesterday evening, delaying the late accommodation 40 minutes.

Martin Mear has been selected by the local camp, Woodmen of the World, to attend the state convention, which will be held in Columbus this year.

The Murphy pottery base ball team has accepted the challenge of the team of the Burford pottery, and a game will be played during the last of the week.

Rev. Andianer, of Dungannon, arrived in the city at noon. He will assist Rev. Smyth at St. Aloysius' church during the 40-hour devotion.

Secretary T. J. Duffy left this morning for a trip to Wheeling, Akron and Steubenville, where he will remain several days looking after some matters connected with the Brotherhood.

Yesterday at the freight depot 18 cars of freight were unloaded. This is one of the busiest days the checkmen have had for many weeks. The shipments were also heavy.

Rev. C. F. Swift, of Beaver Falls, and Dr. Shaffer, president of the Pittsburg conference of the Methodist Protestant church, spent the day in the city the guest of Rev. W. H. Gladden.

Superintendent of Schools R. E. Rayman left last evening for Columbus, where he was called on account of the serious illness of his mother. He will be absent from the city for several days.

The packers at the Sebring pottery on Second street have been compelled to work at nights recently on account of a rush of orders. Some heavy shipments are being made by the company at present.

The marks at the wharf this morning showed the river to be falling, only 7.6 feet being registered. No coal is being shipped on account of the scant stage. All packets are running on good time.

Rev. W. H. Gladden of the Methodist Protestant church, who has been ill at his home on Sheridan avenue for several weeks, expects to be able to preach early in June. He will leave within a few days for a short visit with friends in Uniontown and Waynesburg, Pa.

J. F. Constans, traveling freight agent, and O. M. Conley, general agent of the St. Louis and San Francisco railroad, and J. T. Bridevell, contracting freight agent of the Illinois Central and the Yazoo and Mississippi Valley railroad, were in the city today soliciting new business.

LOCAL UNION PRESIDENTS

Will Fill the Chairs on the Stage
at Tonight's Lecture at Opera
House.

SUBJECT: "LABOR AND LIBERTY"

Few lectures delivered in this city have attracted more attention than that upon "Labor and Liberty" by Eugene V. Debs, late of the American Railway union and head of the Chicago railroad strike of 1894, to be delivered in the opera house tonight, under the auspices of Trades and Labor council.

J. J. Weisend, district organizer of the American Federation of Labor, will preside. The presidents of the various local unions will act as vice presidents of the meeting, as follows:

Charles Brown, local No. 4, pres-
sers; William Altenbaugh, local No.

COUNCIL.

There is Plenty of Unfinished Busi-
ness for the City Dads to
Look After.

The meeting of council to be held
this evening will probably be a
lengthy one, as there is plenty of busi-
ness to transact. The clerk and engi-
neer are supposed to make a report
of the tax valuation of the property
along Pleasant street, and then coun-
cil will take some action on the peti-
tion of the residents, asking that the
street be graded. The committee ap-
pointed to confer with the brewery
company in regard to their disputed
bill should make a report. The build-
ing inspector ordinance will come up
on its second reading and the solicitor
will make a report on the damage
claim of George Knowles for \$463.35.

The bonds of the new city officers will
be presented and the electric light
franchise ordinance will come up on
its third reading. Much interest is
taken in the franchise ordinance, but
no one is willing to venture an opinion
as to what will become of the
ordinance. The usual miscellaneous
business will be transacted.

WILL REMOVE THE BODY.

Of This Early Pioneer to a Suitable
Spot in Riverview
Cemetery.

In the year 1832, Mrs. Joseph McKinnon was buried in what is now known as "The Old Graveyard." Her remains are said to be resting in close proximity to the bank which is now rapidly crumbling away, in consequence of the ghouls who have been undermining the hillside and carting away gravel, in open defiance of laws and ordinances enacted by our city council. We understand that Eugene Bradshaw, the great grandson of the deceased, will have the remains of the pioneer removed to Riverview cemetery ere long.

Mrs. Joseph McKinnon was the mother of the first white child born in Columbiana county. Joseph McKinnon her husband, was a famous scout, at one time in the service of that great American general, Mad Anthony Wayne. Mr. McKinnon saw severe service in his frontier life, and at one time did gallant duty against the famous Indian chief, Big Foot.

It is to be hoped that all the remains now contained in the old grave-
yard will be removed and properly
cared for, as the present condition of
affairs borders on the heathenish and
is a disgrace to civilization.

AN IMPORTANT QUESTION

Will be Decided by the Methodist
Episcopal Conference at
Chicago.

When the Methodist Episcopal general conference is called to order in Chicago Wednesday, May 2, it will be confronted with the question, "Shall laymen have as many votes as clericals in the governing body of the Methodist church?" Provisional delegates numbering 300, elected from 148 conferences, will ask for voice in the general conference. At present the general conference is made up from two lay delegates from each of the 148 conferences and one ministerial delegate for every 45 ministers in the conference. The laymen represent 3,000,000 and the ministers 18,000. The laymen want equal voice in church matters and the matter will be thoroughly contested.

ARE INVITED.

Elks to Attend the Dedication of a
Lodge Room at
Salem.

A number of members of East Liverpool lodge No. 258, B. P. O. E., have received invitations to the dedication of the new lodge and social rooms of Salem lodge No. 305, which is to occur Thursday, May 3.

The dedicatory ceremonies, which will be conducted by Byron T. Ritchie, deputy grand exalted ruler, will occur at 3 o'clock. At 6 o'clock supper will be served visiting Elks and ladies, while the reception will take place at 8 o'clock, followed by a grand dress ball. Great preparation is being made for the affair, which is certain to prove a red letter event in the history of Salem lodge.

WENT FISHING.

Chairman Peach, of the street com-
mittee of council, went fishing today.

THE HOSPITAL.

A Meeting Will be Held This Evening

To Engage the Services of a
Collector.

The hospital meeting called for this evening is for the purpose of securing a collector to raise the \$1,500 which the ladies need before they can pay off the indebtedness on the site. The ladies will endeavor to take some definite action at the meeting tonight and get the canvass for money started.

Less School Money.

The discovery has been made by state officials that every school dis-
trict in the state will have to get along

with five cents less per pupil the coming year than they have been receiving. Between an increase in pupils and a decrease in the tax receipts this result is caused.

EIGHTY-FIRST.

The Odd Fellows Will Celebrate Their Anniversary and Attend Church.

The 81st anniversary of the introduction of Odd Fellowship into America takes place on Thursday. The local lodge will commemorate the event by attending special services to be held in the M. P. church Sunday afternoon at 2:30 o'clock. Rev. J. W. Gorrell will deliver the address. A meeting will be held at the lodge room at 1 o'clock. The members will proceed from there to the church in a body, the Patriarchs Militant being attired in full regalia.

ADDRESSED TEACHERS.

Prof. W. W. Weaver, of Mt. Union, Talks to School Ma'ms Yesterday.

W. W. Weaver, professor of pedagogy at Mt. Union college, addressed the school teachers at a teachers' meeting held at the Central school building yesterday afternoon. Mr. Weaver used for his subject "Education of the Will." He said that a scholar was helped in his work by the teacher assisting him to cultivate right habits, and the education of the will power. The address was timely and interesting.

U. S. S. GOLDEN ROD.

Government Light House Tender Tied in At This City During the Night.

The United States light house tender steamer Golden Rod tied in at the wharf last evening and early this morning left for Pittsburg. The boat is in charge of Horace M. Horton. The mission of the boat is to take care of all beacon lights along the Ohio, Kanawha and Tennessee rivers. There are 529 light posts looked after by this boat twice a year.

A PETITION.

Residents of Pennsylvania Avenue Want More Paving.

At a meeting of council to be held this evening a petition will be presented from the residents of Pennsylvania avenue, asking that the street be paved from Sugar street to Vine street. The total foot frontage is 1,177 feet, and all but two of the property owners have signed the petition. It is expected council will grant the request.

CROXALL LOT.

The New Opera House Will be Erected on the Southeast Corner of It.

The location for the new opera house to be erected in this city has been changed and it will be built on the southeast corner of the Croxall lot instead of on Sixth street. The plans for the house will be practically the same as if it were built on the original site.

Funeral This Afternoon.

The funeral of Mary A. McDonald, the little daughter of Mr. and Mrs. J. E. McDonald, took place this afternoon from the home, Thompson place, Dr. J. C. Taggart officiating. Interment was made at Riverview.

FREDDY AND JIM WILL DO TIME

They Were Unable to Raise the Amount of Their Fines and Mayor Davidson

SENT THEM TO THE WORKS

Chief Thompson Had Them In Charge and They Won't Be Back For Over a Month.

ONLY ONE ARREST LAST NIGHT.

Mayor Davidson has sent his first prisoners to the Stark workhouse and it will be several days before they return to the city.

Chief Thomuson departed this morning for Canton and he had in charge Freddy Bloor and James Penny. The two are old offenders and have been frequent visitors at city hall in the past. Penny has a fine of \$5.60 to work out and Bloor has one of \$9.60 charged against him. Both men are splendid workmen when they stay sober, but have let drink get the best of them. It is thought the 40 or 45 days they have to stay at the works will do them both good.

Tally Russell was the only victim last night and he was captured in the Diamond by Officer Morris while under the influence of liquor. He was fined \$5.60, put up security for the fine and was released.

FIRST INSTALLMENT.

Public Library Receives a Large Check from the Board of Education.

Harry Peach, treasurer of the public library, yesterday received the semi-annual instalment from the board of education, amounting to \$499.79. This amount will be placed to the credit of the general fund.

The Board of Health.

The board of health will meet one week from next Friday night. The new members will be sworn in and the officers of the board selected for the year. It is understood that Sanitary Officer Burgess will not have opposition, but it is thought he will have no difficulty in being re-elected. Dr. C. B. Ogden is the only candidate announced for the position of health officer.

He Was Gone.

Officer Mahoney was called to the National House yesterday afternoon to arrest a party who was sleeping somewhere in the vicinity of the hotel. When the officer arrived he didn't find the man, who had wakened in the meantime and taken his departure.

A New Sewer.

The city will put in a new sewer on Minerva street. The run was filled some time ago, but a heavy rain washed out the fill and it is necessary to put in the sewer in order that some of the residents may have easy access to their houses.

Doubtful.

The many friends of Winnie Mercer in this city do not think he will be able to hold his place on third for the New York team and will be sent to the outfield or relegated to the bench.

Much interest is taken in the franchise ordinance, but no one is willing to venture an opinion as to what will become of the ordinance. The usual miscellaneous business will be transacted.

WILL REMOVE THE BODY.

Of This Early Pioneer to a Suitable Spot in Riverview Cemetery.

In the year 1832, Mrs. Joseph McKinnon was buried in what is now known as "The Old Graveyard." Her remains are said to be resting in close proximity to the bank which is now rapidly crumbling away, in consequence of the ghouls who have been undermining the hillside and carting away gravel, in open defiance of laws and ordinances enacted by our city council. We understand that Eugene Bradshaw, the great grandson of the deceased, will have the remains of the pioneer removed to Riverview cemetery ere long.

Mrs. Joseph McKinnon was the mother of the first white child born in Columbiana county. Joseph McKinnon, her husband, was a famous scout, at one time in the service of that great American general, Mad Anthony Wayne. Mr. McKinnon saw severe service in his frontier life, and at one time did gallant duty against the famous Indian chief, Big Foot.

It is to be hoped that all the remains now contained in the old graveyard will be removed and properly cared for, as the present condition of affairs borders on the heathenish and is a disgrace to civilization.

AN IMPORTANT QUESTION

Will be Decided by the Methodist Episcopal Conference at Chicago.

When the Methodist Episcopal general conference is called to order in Chicago Wednesday, May 2, it will be confronted with the question, "Shall laymen have as many votes as clericals in the governing body of the Methodist church?" Provisional delegates numbering 300, elected from 148 conferences, will ask for voice in the general conference. At present the general conference is made up from two lay delegates from each of the 148 conferences and one ministerial delegate for every 45 ministers in the conference. The laymen represent 3,000,000 and the ministers 18,000. The laymen want equal voice in church matters and the matter will be thoroughly contested.

ARE INVITED.

Elks to Attend the Dedication of a Lodge Room at Salem.

A number of members of East Liverpool lodge No. 258, B. P. O. E., have received invitations to the dedication of the new lodge and social rooms of Salem lodge No. 305, which is to occur Thursday, May 3.

The dedicatory ceremonies, which will be conducted by Byron T. Ritchie, deputy grand exalted ruler, will occur at 3 o'clock. At 6 o'clock supper will be served visiting Elks and ladies, while the reception will take place at 8 o'clock, followed by a grand dress ball. Great preparation is being made for the affair, which is certain to prove a red letter event in the history of Salem lodge.

The ladies will endeavor to take some definite action at the meeting tonight and get the canvass for money started.

Less School Money.

The discovery has been made by state officials that every school district in the state will have to get along

with five cents less per pupil the coming year than they have been receiving. Between an increase in pupils and a decrease in the tax receipts this result is caused.

EIGHTY-FIRST.

The Odd Fellows Will Celebrate Their Anniversary and Attend Church.

The 81st anniversary of the introduction of Odd Fellowship into America takes place on Thursday. The local lodge will commemorate the event by attending special services to be held in the M. P. church Sunday afternoon at 2:30 o'clock. Rev. J. W. Gorrell will deliver the address. A meeting will be held at the lodge room at 1 o'clock. The members will proceed from there to the church in a body, the Patriarchs Militant being attired in full regalia.

ADDRESSED TEACHERS.

Prof. W. W. Weaver, of Mt. Union, Talks to School Ma'ams Yesterday.

W. W. Weaver, professor of pedagogy at Mt. Union college, addressed the school teachers at a teachers' meeting held at the Central school building yesterday afternoon. Mr. Weaver used for his subject "Education of the Will." He said that a scholar was helped in his work by the teacher assisting him to cultivate right habits, and the education of the will power. The address was timely and interesting.

U. S. S. GOLDEN ROD.

Government Light House Tender Tied in At This City During the Night.

The United States light house tender steamer Golden Rod tied in at the wharf last evening and early this morning left for Pittsburg. The boat is in charge of Horace M. Horton. The mission of the boat is to take care of all beacon lights along the Ohio, Kanawha and Tennessee rivers. There are 529 light posts looked after by this boat twice a year.

A PETITION.

Residents of Pennsylvania Avenue Want More Paving.

At a meeting of council to be held this evening a petition will be presented from the residents of Pennsylvania avenue, asking that the street be paved from Sugar street to Vine street. The total foot frontage is 1,177 feet, and all but two of the property owners have signed the petition. It is expected council will grant the request.

CROXALL LOT.

The New Opera House Will be Erected on the Southeast Corner of It.

The location for the new opera house to be erected in this city has been changed and it will be built on the southeast corner of the Croxall lot instead of on Sixth street. The plans for the house will be practically the same as if it were built on the original site.

Funeral This Afternoon.

The funeral of Mary A. McDonald, the little daughter of Mr. and Mrs. J. E. McDonald, took place this afternoon from the home, Thompson place, Dr. J. C. Taggart officiating. Interment was made at Riverview.

FREDDY AND JIM

WILL DO TIME

They Were Unable to Raise the Amount of Their Fines and Mayor Davidson

SENT THEM TO THE WORKS

Chief Thompson Had Them In Charge and They Won't Be Back For Over a Month.

ONLY ONE ARREST LAST NIGHT.

Mayor Davidson has sent his first prisoners to the Stark workhouse and it will be several days before they return to the city.

Chief Thomuson departed this morning for Canton and he had in charge Freddy Bloor and James Penny. The two are old offenders and have been frequent visitors at city hall in the past. Penny has a fine of \$5.60 to work out and Bloor has one of \$9.60 charged against him. Both men are splendid workmen when they stay sober, but have let drink get the best of them. It is thought the 40 or 45 days they have to stay at the works will do them both good.

Tally Russell was the only victim last night and he was captured in the Diamond by Officer Morris while under the influence of liquor. He was fined \$5.60, put up security for the fine and was released.

FIRST INSTALLMENT.

Public Library Receives a Large Check from the Board of Education.

Harry Peach, treasurer of the public library, yesterday received the semi-annual instalment from the board of education, amounting to \$499.79. This amount will be placed to the credit of the general fund.

The Board of Health.

The board of health will meet one week from next Friday night. The new members will be sworn in and the officers of the board selected for the year. It is understood that Sanitary Officer Burgess will not have opposition, but it is thought he will have no difficulty in being re-elected. Dr. C. B. Ogden is the only candidate announced for the position of health officer.

He Was Gone.

Officer Mahoney was called to the National House yesterday afternoon to arrest a party who was sleeping somewhere in the vicinity of the hotel. When the officer arrived he didn't find the man, who had wakened in the meantime and taken his departure.

A New Sewer.

The city will put in a new sewer on Minerva street. The run was filled some time ago, but a heavy rain washed out the fill and it is necessary to put in the sewer in order that some of the residents may have easy access to their houses.

Doubtful.

The many friends of Winnie Mercer in this city do not think he will be able to hold his place on third for the New York team and will be sent to the outfield or relegated to the bench.

SUBURBAN NEWS.

EAST END.

W. O. Walker, of Southside, Pittsburgh, was in town yesterday afternoon and spent several hours with Dr. William M. Calhoun. Mr. Walker is looking for a location upon which to build a brush factory, and it is said that Mr. Calhoun made a proposition which was favorably looked upon by Mr. Walker. Dr. Calhoun was seen yesterday afternoon, but would not say what Mr. Walker intended to do in the matter. Other developments are expected by the last of the week.

There is a slight change for the better in the condition of Lincoln Harmer.

The roof on the new passenger station is about completed.

A committee composed of members of the Epworth League of the M. E. church met last evening at the home of W. T. House, of St. George street, for the purpose of arranging a program for the anniversary of the League, which will be on Sunday evening, May 13.

Yesterday work was commenced erecting a new kiln at the sewer pipe works. All of the old kilns will be given a thorough overhauling at once.

George Whitmore, who was employed by the railroad company to keep account of the persons, cars and vehicles which crossed the Mulberry street crossing, finished his work Saturday evening. It now remains to be seen if the number which crossed the tracks was sufficient to warrant the erection of gates.

Oscar Michael, who has been seriously ill for several days, is recovering rapidly.

Hugh Turner, of the East End pottery, is visiting friends at East Palestine for a few days.

Jay Fisher, engineer at the National pottery, is unable to work. He is suffering with an attack of grip.

Screen doors have been placed on the doorways at the postoffice.

Dr. W. E. Mowen and Robert McArthur left last evening for Cleveland. They will return home tomorrow.

Harvey Hazlett is able to be out after a lingering illness.

Mrs. Edward Riley, of St. George street, is under the care of a physician.

The work of repairing the Second M. E. church will be begun within a few weeks.

The Bible class of the Second United Presbyterian church will meet at the home of Rev. J. R. Green on Pennsylvania avenue next Friday evening. The Sunday school lesson for next Sunday will be reviewed.

Several linemen were in the suburb yesterday completing the new telephone lines.

SERIOUSLY ILL.

Wylie Himes is Suffering With Heart Trouble and Needs Assistance.

Wylie Himes is seriously ill at his home, opposite the First National bank building, Washington street. Mr. Himes is suffering with heart trouble and is in need of assistance. He is a member of the carpenters' union, and it is expected the union will take some action in his case and assist him over his present distress. His many friends will be pained to learn of his illness.

A Hopeless Race.

Ohio State Journal.

There is talk of J. H. Morris, of Youngstown, being the Democratic candidate for congress from the Eighteenth district against Hon. R. W. Taylor, but the chances are that Morris will save his money and his reputation by refusing to make a hopeless race.

G. F. Huston left for Van West this morning, where they will remain a few days visiting relatives.

SOUTH SIDE.

O. H. Bergman returned yesterday from a visit with relatives at New Kensington.

Miss Elizabeth Summerson, of Emmonston, Pa., arrived yesterday for an extended visit with her aunt, Mrs. Ruth McLane.

Arthur Smith, of New Cumberland, candidate for sheriff, was here last evening in the interests of his candidacy.

Work on the Knowles pottery, which has been retarded for some time, commenced today and will be kept up steadily until the plant is completed.

Steve Severs has the contract for excavation for the new pottery.

The Chester ball team put in several hours of good practice work last evening.

Work was commenced yesterday on a new two-story frame business block being erected on Virginia avenue by John Schrader.

G. A. Arner is spending a few days in Pittsburgh and New Kensington on business.

Brown Hewitt, candidate for sheriff of Hancock county, was here yesterday looking after his political interests.

Ex-Justice Pugh is in New Cumberland today attending a meeting of the Republican county executive committee. They will set the time for holding the primary elections.

Rev. Fisher, of Fairview, will occupy the pulpit at the U. P. church chapel next Sunday.

Two mills will commence making rough iron at the sheet mill next week.

Mrs. E. C. Smith, of Washington, D. C., visited her cousin, Mrs. Ruth McLane, yesterday.

Miss Ola Johnson returned yesterday from a two weeks' visit with Pennsylvania friends.

A child of George Evans is dangerously ill.

J. T. Melvin, of Fairview, was here yesterday attending to his duties as assessor of Hancock county, and also doing some work to secure re-election.

Jacob Hobbs spent Sunday with his parents at Fairview.

Mrs. Arch Severs is suffering from an attack of nervous prostration.

Surveying was commenced yesterday on the new system of water works. The reservoir, located on the Stevenson farm, is almost completed. The line will extend down Carolina avenue to First street, a distance of one and one-half miles, along First street to Virginia avenue, down Virginia avenue to Third street and thence along Third until the line on Carolina avenue is reached.

Bird Allison this morning began to move his house on Virginia avenue to a lot on Indiana avenue. The house was taken across the Second street bridge.

Harper Ralston left for Cumberland this morning to attend the meeting of the Republican county executive committee.

The Republican primaries will probably be held on the afternoon of May 19.

The Mechanics, at their meeting last evening, initiated several candidates.

from you. They burn you with their hypnotic, baleful glare, and with a calmness you would not have believed you possessed, you softly reach for your rifle.

A muskrat may be a joke, but a hungry bear prowling within 20 feet of you is an unsafe guest. You know you are as white as a sheet, and your hands tremble as you bring the piece to your shoulder and aim directly between those awful greenish yellow eyes. Suppose you miss; but, no, you will not. Your finger presses the trigger.

The roar of your rifle sounds like a clap of thunder, and its reverberations roll and chase each other over the tops of the pines and spruces and startle a thousand sleeping creatures who render night hideous with their frightened cries as they scurry or fly away from your vicinity. It's a rude way to awaken a man, and no wonder your dog jumps up yelling like a Comanche Indian and nearly knocks out the back of the camp as he runs against it.

When he finds you pale and trembling and hears you declare that you have shot a bear, he mutters incredulously and, lighting a lantern, goes out to investigate. You hear a loud French-Canadian laugh as he returns carrying by the tail a headless chipmunk, which he tosses at your feet. "You wan good shot, m'sieur. You shoot him square 'tween de eyes. No shoot better meself, but ah tink you narve, what you call, onstring, you better take wan good drenk'n go to sleep."

So are sounds magnified in the silence of a first night in the Maine woods.—Portland (Me.) Express.

Plants That Intoxicate.

Bumblebees, butterflies and beetles are habitual drunkards. In some of the southern states insects alight on certain plants, drink heartily from the blossoms and fall to the ground stupefied. After awhile they rise and fly around, just as drunken men would do if they had the power of flying. Their antics are especially amusing unless one does not know what is the trouble.

In this case the suspicion that the insect world has gone crazy is uppermost.

A scientist who had observed the drinking and its results collected a teaspoonful of the pollen to see if it would affect a man the same way. He swallowed it and in a few minutes found his pulse beating faster and a rise of temperature. Then he distilled some of the blossoms and gave himself a hypodermic injection in the arm. He became decidedly dizzy as a result. By further experiments he found an oil derived from these plants which affects human beings and animals alike.

NIGHT IN THE WOODS.

EFFECT OF THE AWFUL SOLITUDE WHEN FIRST EXPERIENCED.

The Awe Inspiring Stillness Makes Sleep an Impossibility For Many and Brings Visions of Terror to Haunt the Tired Senses.

The awe inspiring stillness of the first night in camp! You lie on your back vainly courting sleep. Vainly, I say, because of the very intense stillness which should woo it, but does not, as you are unused to it. Your guide lies motionless, only his heavy breathing denoting that he is alive. It is second nature to him to sleep in the heart of the wilderness, and his tired body no more touches the sweet scented pine boughs when he slumbers.

It will be so with you when you have accustomed yourself to the preternatural quiet so different from the rumble of passing vehicles over paved streets and which affects you not. But tonight your eyelids are opened wide, and instead of the blissful forgetfulness which you anticipated, your every sense is on the alert to catch and divine the meaning of the strange noises which fill the woods of northern Maine.

In front of your rude camp, which is left open, the smoldering fire smokes and crackles, each snap of charred embers sounding to your ears like the report of artillery. It is a strange sensation, this first night in the woods. Away up on the mountain side a fox barks. The weird howl echoes and re-echoes down the mountain side until it seems to reach the lake and float over its glasslike surface until it is swallowed up in the dark water.

A night owl makes bold to disturb your already troubled mind by perchng on a big pine not a hundred feet away and sending forth a screech that curdles your blood until you realize what it really is. Directly back of you is the lake shore.

Suddenly comes a soft tread over dried brush. Surely some one is stealing up to your camp. You rise to a sitting position and await the marauder's next move. Then once more you hear the snap, snap, snap of his feet as he cautiously draws near. Louder and louder, you cannot be mistaken this time; this is no trick of the imagination.

Now he must be directly beside you, with nothing but a wall of boughs between. You can stand it no longer, and, with a half suppressed yell of excitement, you seize your gun, spring to your feet, dash aside the light canvas that falls over the front of the camp just enough to keep out the smoke and run out prepared to shoot on sight. There is a mad scramble, a crackling of twigs, a mad splash, and—the head of a very badly frightened muskrat can just be seen on the lake's surface as it frantically pushes its way into the gloom.

You creep softly back to your boughs rather ashamed at yourself and glance furtively at the guide, who sleeps peacefully through it all. At last nature asserts herself and gradually you feel the drowsiness of approaching slumber steal over you. You slightly raise your head to take one last look at the flickering log that splutters away outside.

Hist! What's that? Two fiery eyes set in the framework of impenetrable gloom beyond the fire seem staring directly at you. Like coals, they burn and the words of your guide, "Oh, yes, that's plenty of bar ro'n yere," come back to you with awful import. Then you hear the tread of mis cushion padded feet moving here and there, but those awful eyes never once turn

CONVENTION TO BE DISTRICT NOT STATE

Eastern Ohio District Tent of the Rechabites to Meet In This City In July.

THE LOCAL TENT PREPARING

To Entertain the Visiting Members and a Large Crowd Is Expected.

THE ELECTION OF DELEGATES.

When the state convention of the Independent Order of Rechabites met in Youngstown last July it was announced that the next convention would be held in this city. It will not, however, be a state convention, the state convention being abolished and being succeeded by district conventions.

The district tent Rechabites annual convention will be held in this city in July, in Rechabite hall. Last evening at the meeting of Favorite tent No. 175, a committee was appointed to make arrangements for the convention. The first session will be held July 2 and will continue for probably three days.

Delegates from all Rechabite tents in eastern Ohio will be present, but these will not be named until the last of May. The delegates from Favorite tent will be selected early in June. C. C. Menough, of this city, is district past chairman and Francis Robinson is district secretary and treasurer. It is expected that about 50 delegates will be present at the convention, although many other members of the order who are not delegates will visit the city during the convention. All the cities in eastern Ohio will be represented at the meeting.

Inspected Grounds Near This City With a View of Holding a Camp Meeting Here.

Rev. A. D. Zahniser, of Pittsburg, a Free Methodist minister, in company with Rev. L. C. Andre, the local Free Methodist minister, spent yesterday looking over grounds in the vicinity of this city with a view of selecting the place to hold the annual camp meeting of the Rochester district. The camp meeting is held during the summer and usually lasts about nine days. They arrived at no conclusion and Rev. Zahniser returned home on the afternoon train.

TO MACKINAW.

Shipments Can Now Be Sent to That Port Over the Lakes.

Freight Agent George A. Wassman this morning received a notice from Division Freight Agent C. F. Perkins announcing that the Detroit & Cleveland Navigation company had opened its lines to Mackinaw. The opening of this division will open all lake ports reached by that company.

A Growing Town.

In a recent issue of the Cleveland Leader appeared the following:

East Liverpool, O., is one of the most progressive manufacturing towns in the state. The great products are in the pottery line, a variety of decorated table ware leading. Quite an army of commercial travelers cover the entire United States in distributing the output of the mammoth plants. The city is situated on the Ohio river and is growing rapidly.

FROM THE PHILIPPINES.

An East Liverpool Boy Has Held a Full Hand on the Battle Line.

"Legaspe, P. I., Feb. 12, 1900.

"Dear Mother—Received your letter and was very glad to hear from home. We have been having quite a bit of excitement of late and have been doing battle against the insurgents for the last 10 days. Our regiment has lost five men killed and 15 wounded. Our boys have knocked over something like 500 of the enemy since we landed. We have been having a great deal of rain, but the climate is very pleasant. I have enjoyed very good health, taking into consideration the hardships I have been compelled to endure, in common with my comrades. Don't think that we grumble much. We are not built that way. We have as fine a set of soldiers as can be mustered anywhere. We expected rough knocks when we enlisted, and we are getting them. But think of the other fellows, the insurgents. We make it good and warm for them and repay them every time for treachery and ambuscades. They are friends to your face and foes at your back. We understand them pretty well by this time, however, and they are acquiring a healthy respect for Uncle Sam's boys. Our straight shooting 'Kraggs' are splendid features in an argument of this kind; very convincing, and stop all unnecessary disputes.

"I feel it in my bones that this fuss will not last much longer and that a large part of the army will return to the states. We get poor grub, as we are far distant from Manila, our base of supplies, and the supply boats make very slow time.

"There was a man by the name of Hughes in Company E. He was killed by the insurgents, and I was fearful that you would think the natives had got your boy. You know, by this time, that I am all right. We expect to be relieved in a short time and sent to Manila for a much needed breathing spell and rest. Give my kind regards to all the friends.

"Your loving son,

"JOHN HUGHES.

PULLMAN PARLOR CARS.

Improving the Train Service to Pittsburgh and Cleveland via Pennsylvania Lines.

New Pullman parlor cars have taken the place of the parlor cars running on trains Nos. 337 and 338, between Pittsburg and Cleveland over the Pennsylvania lines. The new cars are the latest pattern turned out by the Pullman company and are finished and furnished in a substantial manner. They have roomy and comfortable revolving arm chairs, wide plate glass windows, commodious smoking apartment and a large retiring room for ladies. This room is fitted up with dresser and plate glass mirror. The new cars leave East Liverpool for Cleveland at 2:49 p. m. and for Pittsburg at 7:04 p. m., central time, week days.

The Sanitary Sewer.

The sewer commissioners will not have a meeting until H. A. McNicol returns to the city. The work on the sanitary sewer is progressing rapidly and the trunk sewer will soon be completed. This summer should see the completion of the larger part of the sewer in district No. 2.

New Uniforms.

The new policemen will order their uniforms from a Cincinnati firm and expect to get them within two weeks after the order is placed.

NOTICE TO WATER CONSUMERS.

Water rent now due, pay promptly and save 10 per cent during the month of April.

ESCAPED FROM JAIL.

THE CLEVER SCHEME THAT WAS WORKED BY ONE CROOK.

He Wanted a Certain Book, and He Got It, Thanks to a Benevolent Lady, and Its Title Proved to Be Particularly Appropriate.

"The recent escape from the parish prison," said a secondhand bookseller on the old side who has almost as many reminiscences as he has volumes, "reminds me of a very curious case of jail delivery in which I was an accessory before the fact. I was never arrested for it, but don't object to telling you the story."

"One day in the summer of 1895 a good looking, well dressed man strolled into the shop and said he wanted to get something that would interest his old mother, whom he described as very religious and fond of antique books.

"We picked out a dozen or so together, Fox's 'Book of Martyrs,' 'Pilgrim's Progress,' Mather's 'Sermons of Occasion,' Pusey's 'Daniel the Prophet' and among others a quaint, massively bound volume called 'The Friend In Affliction.' They were all interesting old copies, but my caller told me he would like to submit them to his mother before closing the purchase and offered to leave a \$50 bill as security.

"That was agreeable to me, and he carried away the lot. Next day he returned and brought back three or four of the books, among them 'The Friend In Affliction,' which he remarked laughingly had given his mother the blues. The others he paid for, and I have never seen him again from that day to this.

"Almost a week after his visit, however, a thin, prim, precise, elderly lady, a typical spinster from head to toe, came in one afternoon and began looking over the shelves. Presently she ran across the same old 'Friend In Affliction' that had fared so badly in the other trade, and, much to my gratification, she purchased it on the spot. It was exactly the thing, she said, to give consolation to an unfortunate person of her acquaintance who was then in great trouble. I was glad to get rid of the book and let her have it for a couple of dollars.

"Fully a month afterward I was amazed to receive a visit from a big, burly man, who introduced himself as a detective, produced 'The Friend In Affliction' from a valise and asked me what I knew about it.

"The book had suffered since I saw it last. One of its thick covers was ripped open, and sticking inside was a small steel file. The story the detective told me was certainly extraordinary.

"It seems that a noted northern crook had been in jail in a small town up the country on a charge of bank burglary and being a very smooth rascal had enlisted the sympathy of a philanthropic old lady of the place who had a bad for prison reform. He persuaded her that he had thoroughly repented, and she used to visit him regularly and bring him tracts and delicacies.

"Among other things he told her that while broke in New Orleans he had sold all of his belongings, including a keepsake from his mother—a volume called 'The Friend In Affliction.' He gave her my address as the place where he had left the precious relic and worked on her feelings to such an extent that she promised to secure the book for him the first time she visited the city.

"How she discovered and purchased it you already know. On her return she carried it straight to the jail, and while ordinarily all gifts for prisoners were closely examined, this lady's high character made such precaution seem unnecessary and she passed in the volume without question.

"A few days later the turnkey found a barred window neatly sawed and the bird flown. He also found 'The Friend In Affliction' lying on the floor, and in one of the massive covers were several saws and the file I have mentioned. Of course the philanthropic old lady was immediately questioned, and her hysterical replies led to the visit of the detective, but nothing ever came of the quest. The fugitive is supposed to have left on an outbound steamer—at any rate he was never caught.

"What about my first customer, did you ask? Oh, he was undoubtedly the pal who planted the saws."—New Orleans Times-Democrat.

"Off" For "Off."

I always say "I bought it off Jones," and up to now, through so constantly hearing people, my late father includ-

ed he always used to pronounce coffee as corfee, talk in this way, thought it was right. Still this would be only in conversation. Writing to any one, saying I had bought anything, I should put "of Jones" or "from Jones." I suppose "from Jones" would be perfectly correct.

I have heard this form of speech in many different parts of the country, but most frequently, I think, in and near Liverpool.

The use of "off" for "of" and "off of" is common in the north of England.—Notes and Queries.

An Odd Coincidence.

"Late one night some years ago in a western town," said an old telegraph operator, "I received a message which read, 'If you wish to see your brother alive, you will have to come immediately.' The message came from San Francisco and was addressed to an old man who lived across the street from the station, so I put on my hat and went over and delivered it, seeing that it was important that he should have it at once.

"The old man caught the train that left at midnight, and while he was buying his ticket he told me that the message referred to his brother who had left home 20 years before and from whom he had heard nothing during all that time.

"The next night a party called and asked if there were any messages for him, giving the same name as the old man who had left the night before. He must have noticed that I looked at him rather blankly, for he went on to explain that he had a brother in California who was sick and that he was anxious to hear from him.

"Well, it turned out that the message that I had received the night before was intended for him. He was a stranger in the town and chance to bear the same name as the old man whom I had sent on a wild goose chase across the continent. Fortunately for me I was transferred to another town before the old man got back. That is all there is to the story except that it is true."—Detroit Free Press.

Moro Polygamy.

Polygamy is the Moro's by religion and divine right. A Moro must give a separate house to each wife, in which she is supposed to set up housekeeping with a sufficient number of women slaves to wait upon her. She may own them in her own right, but more often her Moro husband must purchase them for her. As women slaves bring a higher price in the market than men the drain on the husband's exchequer is immense.—Cincinnati Enquirer.

A MEASURE OF MERIT.

East Liverpool Citizens Should Weigh Well This Evidence.

Proof of merit lies in the evidence. Convincing evidence in East Liverpool.

Is not the testimony of strangers. But the endorsement of East Liverpool's people.

That's the kind of proof given here. The statement of an East Liverpool citizen.

Mrs. Edward Orr, of 220 Thompson street, says: "My sister, Mrs. Bolland, of Pittsburg, while visiting me, recommended Doan's Kidney Pills so highly that I was induced to try them. I had severe attacks of kidney complaint; sometimes I was so bad I could not get up; many times my neighbors came and found me lying on the lounge suffering when I intended to do a big day's work. I was so miserable I could do nothing. After my sister told me of the pills I made up my mind to try them, and got a box at the W. & W. pharmacy.

They did just what they claimed they would do—cured me sound and well in a few days. My little girl was feeling poorly and had a sallow complexion for some time. I gave her a few doses and after the treatment she felt splendidly."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.

AT LAST.

The news that something is at last to be done towards remedying the trouble on the East End road at the power house, by widening the road, and that council has located the road near Dry Run so that the county commissioners can now go ahead with the erection of that bridge over the run, will be very welcome to the public. The new council has taken hold in a business like way and should soon wipe out the arrears on the calendar left by the last body.

"BUNDLES OF HINDRANCES."

Evangelistic Services Were Intensely Interesting at Y. M. C. A. Hall Last Night.

Evangelist Duncan MacGregor delivered an extremely interesting address at the Y. M. C. A. hall last night. He possesses the happy faculty of rendering his illustrations in such plain and comprehensive language as to delight his audiences. He makes the religion of the Christ a much-to-be-desired religion, full of happiness and joy, permitting the followers thereof to be the best satisfied residents on this earth, with the absolute assurance of a residence in the "house not made with hands, eternal in the heavens;" "heirs to an inheritance that is incorruptible, undefiled, and that fadeth not away."

The evangelist was talking last night of the "hindering bundles;" bundles of sin, selfishness and worldliness; bundles which will not permit the possessor to pass through the golden gates of God's mercy, into the beautiful city, in the presence of Jesus and His disciples and of the great redeemed throng, washed and made clean in the blood of the Lamb. If you have not heard this eloquent follower in the footsteps of the meek and lowly Nazarene, avail yourself of the opportunity tonight, at 8 o'clock, at Y. M. C. A. hall. You will be given a warm and hearty welcome.

Horse Ill Treated.

This morning a telephone message was received at the office of Justice McLane, stating that a horse was being ill treated on Seventh street. Humane Officer Miller investigated the case, but found nothing upon which a suit could be based.

He Was Fined.

Thomas Peddicord, of this city, drew \$5 and costs for being drunk in Wellsville a few evenings ago.

LOCATED A ROAD.

COUNCILMEN VISITED PENNSYLVANIA AVENUE.

Property Owners Were Present to Make a Number of Suggestions.

Councilmen Marshall, Peach, Arnold, Engineer George, L. W. Healy and a number of property owners yesterday afternoon viewed the extreme east end of Pennsylvania avenue for the purpose of locating the road a short distance this side of Dry Run.

The county commissioners agreed to build a bridge across the run just as soon as council located the road, but it has long been a disputed question as to just where the road should go at this point and for that reason the bridge has never been built.

There is a 50-foot road at the point under dispute and yesterday it was permanently located by being moved a foot to the north of where the present road now goes.

The action of the committee will be reported to council tonight and the county commissioners will be notified at once in order that they may get the new bridge built this summer.

PRAYERMEETING.

The Ladies of the City Will Hold a Union Missionary Prayer Meeting Thursday.

The ladies of the Presbyterian Missionary society have arranged for a union missionary prayer meeting to be held in the First Presbyterian church Thursday afternoon. The meeting is to be in sympathy with the missionary conference now in session in New York city. The ladies of all the congregations of the city have been invited to be present and take part in the exercises. The meeting will last from 1 o'clock to 6 o'clock. The ladies of the different churches will have charge of the meeting in the following order: Methodist Episcopal, United Presbyterian, Methodist Protestant and Presbyterian.

All interested in the work are invited to be present and present any item of interest either on foreign or home work.

Will be Sent Home.

The township trustees this morning were asked to send a party who is ill in this city to his home in St. Louis. The trustees communicated with the infirmary directors and it is expected the request will be granted.

Plans About Completed.

The plans for the new residence to be erected by J. C. Thompson are about finished. The house will be finished in hard wood and will cost when completed about \$10,000.

Shaw is Doing Well.

Alf Shaw is doing all the catching for the Detroit team and is doing fine work. In the game at Cleveland he had one hit, three putouts, one assist and one error.

Ware Was Short.

A number of the Dresden decorators loafed yesterday afternoon on account of a shortage of ware.

Close This Evening.

Applications for the civil service examination to be held in this city close this evening.

Gone to Pittsburgh.

A number of base ball enthusiasts in this city will attend the opening game in Pittsburgh.

Resigned His Position.

Thomas H. Hodge has resigned his position as kilnman at the D. E. McNicol pottery. He has been employed at that plant for several years.

Shipped Two Cars.

The D. E. McNicol Pottery company today shipped two cars of ware to St. Louis.

CAMPBELL AS SECRETARY.

Former West Virginian Appointed Assistant to Hitchcock—Auditor For Porto Rico Named.

WASHINGTON, April 24.—Frank L. Campbell has been appointed to succeed Webster Davis as assistant secretary of the interior. He is 56 years old. He was born in West Virginia, and left Washington and Jefferson college to enter the union army. At the close of the war he opened the first free school in West Virginia. In 1870 he came to Washington as an employee in the census office, and rose steadily to an assistant attorneyship in the office of the assistant attorney general for the interior department, which position he has held for 19 years, having by promotions become first assistant attorney.

John R. Garrison was nominated by the president to be auditor of Porto Rico. Although a native of Virginia, he has been a resident of Washington since the Civil war and has been connected with the treasury for almost 30 years, most of the time in the accounting office. For a number of years he was deputy controller of the department until that office was abolished by the Dredge commission in 1894. Mr. Garrison was considered one of the ablest treasury accounting officers, and a year ago was sent to Porto Rico as auditor of customs. He is now in that country.

A native Porto Rican will be appointed treasurer of Porto Rico.

Attorney General Griggs is trying to find for the president some prominent lawyers in this country who will accept judicial places under the new bill. The salaries are so small that few lawyers of note can be found to consider the positions.

TODAY MAY DECIDE THE FATE OF QUAY.

Case to Be Disposed of at 4 O'Clock This Afternoon—Debate in the Senate.

WASHINGTON, April 24.—Today, at 4 p. m., under a special order, the Quay case is to be disposed of. A direct vote upon the proposition to seat Mr. Quay may not be taken immediately after the close of the debate. Mr. Chandler has a motion pending to seat Mr. Quay, but it is held by the senate parliamentarians that every subsidiary motion will take precedence over Mr. Chandler's motion. These include motions indefinitely to postpone, to postpone to a definite date, to recommit to the committee and to amend. How the senate will vote on any of them is a matter of speculation.

In support of Mr. Quay's right to a seat speeches were delivered Monday by Mr. Chandler (N. H.), Mr. Kenney (Del.) and Mr. Penrose (Pa.). Mr. Platt (Conn.) and Mr. Quarles (Wis.) delivered speeches in opposition to Mr. Quay.

Mr. Chandler, chairman of the committee on privileges and elections, submitted to the senate the report in the case of Senator William A. Clark, of Montana.

Mr. Pettus (Ala.), a member of the committee on privileges and elections, at one point said: "A minority of the committee disagree with portions of this report, and they desire to submit their views in writing, without in any way dissenting from the conclusions."

The resolution was then sent to the calendar.

ALLOWANCE TO ARMY OFFICERS.

Griggs Said Law Was Not Violated—Root Explained.

WASHINGTON, April 24.—The additional pay allowed a few army officers in Cuba was considered at the cabinet meeting. Attorney General Griggs had been asked if any law had been violated. He reported to the cabinet that there was no violation of the law, and that the action taken was warranted.

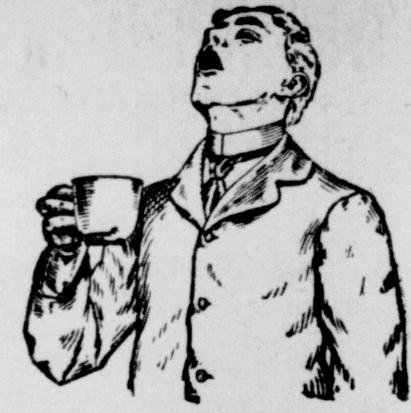

Secretary Root said that soon after General Brooke was made governor general of the island he wrote to the war department, asking to be relieved, saying that he could not maintain a family in the United States and run an expensive establishment in Havana on the salary and allowances received from the government. He was given an additional allowance from the Cuban funds. The same was done for others.

Postoffice Bill Considered.

WASHINGTON, April 24.—The house entered upon consideration of the postoffice appropriation bill, and general debate which closed with the adjournment was devoted largely to the discussion of pertinent matters. The minority of the committee dissented from the provisions in the bill relating to the extension of the pneumatic tube service, special fast mail facilities and the cost of railroad transportation, and these were the main subjects of contention.

Japan to Restrict Immigration.

WASHINGTON, April 24.—Information has reached Washington to the effect that the Japanese government itself, and without waiting a request from the United States, is about to take steps to restrict the immigration of Japanese coolies to the United States.

Cowboy Blacksmithing.

"Up at my camp near the Four Peaks," told Jim Park, the well known cattleman, "the boys are all handy with a rifle. We've a lot of guns up there. Most of the new guns were bought during the Spanish war, when we would experiment all day with tree trunks and rough trenches, learning the art of war at home. We found that a bullet from one of the new Winchesters, driven by smokeless powder, was good for four feet and more of pine timber and for more than an inch of iron.

"I thought the boys had done about everything in the shooting line that could be done long ago, but I was mistaken. I sent them up a wagon. In hauling down some firewood they broke the bolsters all to flinders. The bolsters hold up the wagon bed, you know. Well, the boys figured out all right the rebuilding of the wood parts, but came near being stumped on the iron fixings. They got some old iron wagon tires and cut them in proper lengths, but hadn't a way that they could see to punch the necessary bolt holes. Finally the question was solved.

"One of the boys carefully marked the places for the bolts, stood the piece of tire against a tree and put a bullet, 30 caliber, through the tire at each place marked. It was a novel sort of blacksmithing, but it worked."—Arizona Grapevine.

Garland and the Virginian.

Cleveland's first attorney general, Garland—a specimen of what Lincoln called the plain people—was born in Arkansas and "raised" in blue jeans. One day, at the department of justice, he received a visit from a Virginia gentleman of aristocratic manner, who bored him horribly with talk about "first families."

"It seems to me, suh," said the visitor at last, "that there are Gyarlands in No'th Ca'lina. I once met a gentleman named Henry Gyarland, from that state. May I ask, suh, if he was a relative of yours?"

"First cousin," replied Mr. Garland shortly. "He was hanged for horse stealing."

A look of ill conceived horror and disgust came over the visitor's countenance. Then, drawing on his gloves, he rose to his feet, took up his hat, and waving a hand toward the walls of the room, said: "A fine collection of portraits you have here, Mr. Gyarland. Your predecessors in office, I presume?"

"Yes," grunted Mr. Garland. The Virginian stalked out, evidently glad to make his escape, and the attorney general, turning to his chief clerk, grinned and remarked:

"He'll never bother me any more."—Pittsburg Dispatch.

Different Points of View.

Mr. Growells—What! You want a new bonnet? Why, I think the one you have is very becoming.

Mrs. Growells—Yes, and so do the neighbors. They think it is becoming very ancient and decrepit.

M'CARRON'S FIRST

CRIMINAL CASE DISPOSED OF SATISFACTORILY.

Mr. Houser and Mr. Fennell Adjust Their Troubles in the New Justice Court Today.

Adam Houser, a resident of Fourth street, was brought before Justice H. P. McCarron on a charge of breach of the peace and threatened violence preferred by his neighbor, Patrick Fennell. It seems that Adam had loaded up with bad whisky and had become loud in his threats against Pat and the neighborhood in general. This was more than Pat's Irish blood could withstand. He went before Squire McCarron and deposed and said Adam Houser was "carrying on" in a manner hurtful to the peace and quiet of the community, that he further offered, without any just cause, to do the complainant bodily harm. When Adam appeared before Squire McCarron his better judgement told him it would be wise to acknowledge his fault, and hope for a lighter penalty, as this was Justice McCarron's first criminal case. He was assessed a fine of \$3 and costs, which he paid and was released from custody.

A LENGTHY MEETING.

Persons Who Will Form Wellsville Pottery Company Met Last Evening.

The persons who will be interested in the Wellsville Pottery company, which will operate the Pioneer pottery at Wellsville, held a conference last evening in the office of Monroe Patterson on Walnut street. The meeting lasted until about midnight and the policy of the new company was thoroughly canvassed. John W. Patterson came here from Indianapolis to attend the meeting and left again this morning for the west. The officers were not selected, this being deferred for a few weeks.

Two mould makers are now working at the Pioneer. They are Joseph and Louis Lawton, recently employed at the Anchor pottery at Trenton.

SUED TOO SOON.

Debtor Moved Out of the State, But Left the Money to Pay Behind Him.

Robert R. Wright, of St. Clair township, yesterday entered suit in the court of Justice McLane against William Hight, to recover \$30.90, claimed due for work and labor, and goods sold and delivered.

Hight is an oil driller and put a well down near the residence of Mr. Wright. Wright sold him some coal while he was drilling and also worked for him occasionally. Hight intended to move his rigging to Pennsylvania, a distance of about 100 yards from where the well was drilled, and as Wright did not get the money which he claimed was owed him he entered suit. While in the city filing the complaint, Hight moved his machinery out of the state, but left what he owed Wright with Mrs. Wright. When Wright returned to his home and found the claim had been paid he came back to the court and stopped proceedings in the suit and paid the costs.

J. W. Reilly yesterday entered suit in the court of Justice Riley, of Wellsville, against E. T. Jones, of this city. The case is for detention of the Hotel Lakel property. A hearing will be had Friday morning at 8 o'clock. The papers in the case were served by Constable Thorn yesterday afternoon.

Went Fishing.

It is expected there will be plenty of fish for sale in the city this evening and the price will be very cheap. The occasion for the expected overstock in the market is caused by the fact that City Treasurer Herbert and A. G. Lisbon, April 24.—(Special)—John W. Manning has sued the H. A. Thompson Banking company, of Salineville, to recover \$100 with interest from March 18, 1899, on a certificate of deposit issued by the bank to Nicholas Randolph and by him indorsed to plaintiff.

Petition in Error Filed.

Lisbon, April 24.—(Special)—In the case of Sarah M. Cook vs. Salem city a petition in error has been filed in circuit court. The plaintiff secured a judgment of \$850 against the city for injuries sustained by stepping into a gutter on Dry street.

Bicycle Riders.

The fine weather last night brought the bicycle riders out in full force and there was a great deal of scorching. The wheelmen of the city should be furnished with a copy of the ordinance before somebody gets hurt.

Recovering.

The many friends of Mrs. Elizabeth Bloor, of Market street, will be pleased to learn that she is slowly regaining her health.

Resigned Her Position.

Miss Sue Quinn has resigned her position as teacher at Walker's owing to ill health. Robert Perry will act as teacher until the school closes.

Stage Thunder and Lightning.

The reason why the mechanism for making the noises that give realism to a play are never seen by the audience is because the illusion would be completely destroyed if its operations were exposed to view, explains Frank Fyles in *The Ladies' Home Journal*.

The noise of the waiter falling down stairs with a tray of dishes, for instance, is simulated by dropping as often as necessary a basket filled with bits of broken china, and a cylinder of silk, turned with a crank, drawing the cloth over wooden flanges, gives perfect rain and wind storm. A lightning accompaniment is made by touching an ordinary file to a bit of carbon, both on live wires, and thunder by rolling tenpin balls in a long, narrow, wooden trough.

The rumble of the wheels of a carriage is imitated with a vehicle like a miniature freight car run on a wooden track, and a striking of wood or metal on hard or soft surfaces serves to convince an audience of the approach or departure of a horse. When there is war, a single shot or two is usually the real thing, but a rifle volley effect is obtained by rapidly beating a dried calfskin with rattans, while heavy strokes on the bass drum will convey the idea of cannonading.

If this mechanism were seen in operation by an audience, it would make the whole performance seem ridiculous.

Longevity of Whales.

Some light was thrown upon the subject of the vitality of whales by finding one of these animals in Bering sea in 1890 with a "toggle" harpoon head in its body bearing the mark of the American whaler Montezuma. That vessel was engaged in whaling in Bering sea about ten years, but not later than 1854. She was afterward sold to the government and was sunk in Charleton harbor during the civil war to serve as an obstruction. Hence it is estimated the whale must have carried the harpoon not less than 36 years.

In connection with this fact William H. Dall gives an account in *The National Geographic Magazine* of a discussion with Captain E. P. Herendeen of the United States National museum of cases of whales that have been supposed to have made their way from Greenland waters to Bering strait and to have been identified by the harpoons they carried. While it is very likely that the whale really makes the passage an uncertainty must always be allowed, for ships were often changing ownership, and their tools were sold and put on board of other vessels, and harpoon irons were sometimes given or traded to Eskimos. It therefore becomes possible that the animal was struck with a secondhand iron.—*Popular Science*.

Elephant and Train.

A big and ugly elephant which had long been an object of pursuit to the sportsmen of the Straits Settlements one day wandered on to the railway line and tried conclusions with the engine of a goods train, charging it repeatedly and keeping up the contest for nearly an hour. The engine was reversed in the hope that the beast would allow the train to proceed, but as soon as there was any attempt to renew the journey the elephant returned to the encounter and resumed its obstructive tactics. The driver was afraid to charge the brute, lest the train should be thrown off the rails, and the contest might have gone on much longer had not the elephant backed into the engine and, setting its fore feet firmly between the rails, endeavored to shove the train backward with its hind quarters.

The driver took advantage of the opportunity and put on steam, gradually forcing the beast off the line. In this maneuver one of the wheels of the engine went over the hind legs of the animal, which was put out of its misery by the guard of a following passenger train.—*Science*.

Humors of the Law.

MODERN MINE SALTING.

The Way This Swindle Is Artfully Worked In Mexico.

"Mine salting nowadays has developed into a very nice art," said an engineer and assayer who has lately returned from the inspection of some properties in old Mexico. "In former times it was done crudely. A rascal who wanted to give fictitious value to a worthless prospect hole generally bought or stole a sack of high grade ore and simply scattered it about the excavation, where the victim would be likely to pick up a few pieces for sampling. If an exposed ledge was to be dealt with, he sometimes filled up a \$20 goldpiece, loaded the dust into a shotgun and fired it against the surface from which specimens would be taken.

"But at present greater finesse is needed. The up to date purchaser insists upon having fresh ore blasted out from beneath the surface, where it could not possibly be tampered with, and seals it up in a little canvas sack for the assayer with his own hands. It is then that the latest development, the hypodermic syringe, comes into play. The scientific mine salter has one of these handy little implements in his coat pocket, charged with a solution of chloride of gold.

"He watches for an opportunity, and when one presents itself quietly thrusts the tip of the needle through the canvas sack and gives the piston a gentle push. The consequence is that a few drops of the liquid are discharged over the surface of the ore. The quantity of gold in the solution is almost infinitesimal, but it is enough to 'run up' an assay \$1,000 a ton.

"Meanwhile the victim is tranquil in the knowledge that he has selected the samples himself and has them safely sacked under his own private seal. Hypodermic mine salting is all the go in Mexico at present. It beats the old method to death."—*New Orleans Times-Democrat*.

RUSSIAN POLICEMEN.

New Governor's Test For Their Alertness Was a Failure.

A good story is being told in St. Petersburg of the Russian police which the papers pronounce to be exceedingly characteristic. A new governor was sent to a certain town in the interior, and the inhabitants at once began to complain that the police were badly organized, since, however much they were wanted, they would never come when they were sent for. The governor determined to test this for himself, so one night he set out for the barracks where the police and the fire brigade were quartered. He accosted the sentry:

"Do you know me?"

"Yes, your excellency."

"If a man was being murdered close by, would you quit your post?"

"Never, your excellency."

"Good," said the governor. "You know your duty. Well, what would you do?"

"I would blow my whistle to rouse the guard."

"Good. Let us suppose some one is being murdered here. Whistle."

The soldier blew, but not a soul answered. He blew again and again, but the same silence prevailed.

"That will do," said the governor at last. "You have whistled your utmost, and nobody has come; but, at any rate, your conscience is tranquil. Now you can go to sleep. The man could have been murdered two or three times over. It is unnecessary to overdo it by trying to wake your comrades, who appear to sleep like the dead. The czar should be proud of such steady soldiers."

With that the governor went off, congratulating himself that no one would be likely to accuse his police of having a share in the midnight murders of the town.

M'CARRON'S FIRST

CRIMINAL CASE DISPOSED OF SATISFACTORILY.

Mr. Houser and Mr. Fennell Adjust Their Troubles in the New Justice Court Today.

Adam Houser, a resident of Fourth street, was brought before Justice H. P. McCarron on a charge of breach of the peace and threatened violence preferred by his neighbor, Patrick Fennell. It seems that Adam had loaded up with bad whisky and had become loud in his threats against Pat and the neighborhood in general. This was more than Pat's Irish blood could withstand. He went before Squire McCarron and deposed and said Adam Houser was "carrying on" in a manner hurtful to the peace and quiet of the community, that he further offered, without any just cause, to do the complainant bodily harm. When Adam appeared before Squire McCarron his better judgment told him it would be wise to acknowledge his fault, and hope for a lighter penalty, as this was Justice McCarron's first criminal case. He was assessed a fine of \$3 and costs, which he paid and was released from custody.

A LENGTHY MEETING.

Persons Who Will Form Wellsville Pottery Company Met Last Evening.

The persons who will be interested in the Wellsville pottery company, which will operate the Pioneer pottery at Wellsville, held a conference last evening in the office of Monroe Patterson on Walnut street. The meeting lasted until about midnight and the policy of the new company was thoroughly canvassed. John W. Patterson came here from Indianapolis to attend the meeting and left again this morning for the west. The officers were not selected, this being deferred for a few weeks.

Two mould makers are now working at the Pioneer. They are Joseph and Louis Lawton, recently employed at the Anchor pottery at Trenton.

SUED TOO SOON.

Debtor Moved Out of the State, But Left the Money to Pay Behind Him.

Robert R. Wright, of St. Clair township, yesterday entered suit in the court of Justice McLane against William Hight, to recover \$30.90, claimed due for work and labor, and goods sold and delivered.

Hight is an oil driller and put a well down near the residence of Mr. Wright. Wright sold him some coal while he was drilling and also worked for him occasionally. Hight intended to move his rigging to Pennsylvania, a distance of about 100 yards from where the well was drilled, and as Wright did not get the money which he claimed was owed him he entered suit. While in the city filing the complaint, Hight moved his machinery out of the state, but left what he owed Wright with Mrs. Wright. When Wright returned to his home and found the claim had been paid he came back to the court and stopped proceedings in the suit and paid the costs.

ECUMENICAL BUSINESS SESSIONS.

President Washburn, of Robert College, Constantinople, Said Missionaries Wanted Only Their Rights Under Existing Treaties—Friendly Voice From England.

NEW YORK, April 24.—The business sessions of the Ecumenical conference on foreign missions began simultaneously in Carnegie hall and the Central Presbyterian church.

Walter B. Sloan, secretary of the inland mission of China, led the devotional exercises in Carnegie hall, and the Rev. James Cunningham, M. A., of the Memorial Presbyterian church of Wadsworth, London, conducted exercises at the Central Presbyterian.

At Carnegie hall the Rev. Dr. Augustus A. Strong, president of Rochester Theological seminary, delivered an address on the "Authority and Purposes of Foreign Missions."

The Rev. S. Hudson Taylor, founder of the China Inland mission, spoke on "The Source and Power of Foreign Missions."

Robert E. Speer, secretary of the board of foreign missions of the Presbyterian church of the United States, spoke on "The Supreme and Determining Aim In Foreign Missions."

The meeting in Central Presbyterian church was addressed by Rev. James L. Vance, of Nashville; Rev. Henry T. Chapman, secretary of the United Methodist Free Churches in England; Rev. Paul de Schweinitz, secretary of the board of missions of the Moravian church, and Rev. Dr. H. C. Mable, secretary of the American Baptist Union.

Rev. James Cunningham, M. A., of London, England, presided and contributed a few words to the discussion of the theme for the day, "The Authority and Purpose, the Source and Power,

and the Supreme and Determining Aim In Foreign Missions."

Rev. T. B. Wolf, Rev. J. Wilkie, Rev.

L. W. Scudder, Rev. Dr. Parker, of Northern India, and Rev. J. E. Abbott, of Bombay, addressed the meeting upon missionary work in farther India.

The meeting at the Madison Avenue Reformed church was devoted to a discussion of missionary work in Mohammedan lands.

Rev. James L. Barton, president of the American board of missions in Turkey, spoke of the situation in the Ottoman empire.

Rev. William Jessup spoke upon mis-

sion work in Syria; L. H. Hutton, presi-

dent of the Presbyterian mission board,

spoke on missions in Arabia; J. Har-

graves Ridgeford on early efforts of mis-

sionaries in Northern Africa, and John

Giffen, a missionary of Egypt, of the

United Presbyterian church, on Egypt.

George Washburn, president of Rob-

ert college, in Constantinople, said in

part:

"Contrary to a seeming belief, mis-

sionaries in Turkey have no political

purposes whatever. All that they ask

of the Turkish government is that they

be given the rights guaranteed by the

treaties existing between the two coun-

tries."

Dr. Grace Kimball, of Vassar college,

formerly missionary to Turkey, spoke

briefly on Turkey. Dr. Edward Riggs on

Greece and Rev. T. C. Wilson on Jeru-

salem and mission work in Palestine.

At the Broadway tabernacle several

missionaries gave a general survey of

the mission work in the islands of the

Pacific. Bishop John F. Hurst, of

Washington, spoke on the Philippines.

Rev. Canon Edwards, of the Exeter ca-

thedral, London, and secretary of the

London Bible society, then spoke of the

work which the Bible society had done

in the islands of the Pacific. He said

that society had spent over 20 years in

compiling a new testament in the lan-

guage of the Filipinos, but Spain had

not allowed them to do any missionary

work in the islands, and hence they had

not been able to make any use of the

work, but now that they had the United

States to deal with the society would al-

low the American missionaries to use

this work. He also said, referring to

the United States:

"England rejoices in your joys and

delights in your prosperity."

Rev. Dr. Wardlaw Thompson, of

London, and Rev. John G. Payton, of

the New Hebrides, told of the work in

those districts. Rev. L. R. Gallenbach,

D. D., of Doorn, Holland, spoke of the

Dutch mission work in Java, Sumatra,

Borneo and Sumatra, and was followed by

Rev. O. H. Gulich, a native of Hawaii, and

Rev. W. E. Constance of Madagascar.

Afterward several additional meetings

were held in the neighboring churches.

Reports were made at these

meetings concerning the work and pros-

pects in China, Burma, Assam, Siam,

India, Ceylon, Ceylon, and Mohammedan

lands, Africa, North and South America and also among the Hebrews in all lands. All the meetings were largely attended and addresses were made by several missionaries in each.

Both Carnegie hall and the neighboring Central Presbyterian church were crowded to their capacity at the evening meetings, last night.

At Carnegie hall addresses were read on "A Century of Missions."

To the left of the main aisle were seated the delegates from Japan, Korea, Oceanica, West Indies, China, Central America, Mexico and South America. To the right were Siam, India, Ceylon, Burma, Assam, Syria, Egypt, Turkey, North and South America, Persia, Arabia and Africa. Each section was marked by a placard. The meeting was called to order by the Rev. Dr. Ewing, who introduced the Rev. Dr. A. T. Raymond, professor of Union college, as the presiding officer.

Rev. Dr. H. J. Willinger, of Richmond, Va., offered prayer.

A telegram was read from the bishop and conference of the African M. E. church, now in session at Baltimore. It congratulated the conference on its successful meeting, wishing it success and godspeed.

The first speaker of the evening was Eugene Stock, editorial secretary of the London missionary society.

Rev. Dr. A. Schreiber, secretary of Remish missionary society, read an interesting paper on "A Century of German Nations."

Next on the program was the reading of statistical summaries, which showed a leavening influence on the missions of the world. They were given by Rev. Dr. James S. Dennis.

The closing address of the Carnegie hall meeting was given by Rev. Arthur T. Pierson on the "Superintending Providence of God and the Wonderful Opening by Prayer and Faith of Long-Sealed Doors."

Following his address the meeting was closed by the benediction.

In the Central Presbyterian church essentially the same ground was covered in discussing a "Review of the Century." The speakers were Rev. R. Wardlaw Thompson, secretary of the London Missionary society; Rev. John G. Payton, of the New Hebrides, and the Rev. Dr. J. Hudson Taylor, of the China Inland mission.

The Presbyterian union of New York gave a reception last night in the Hotel Savoy to the delegates and missionaries of the Presbyterian and Reformed churches attending the Ecumenical Conference and their families.

The guest of honor, Benjamin Harrison, was present with Mrs. Harrison. The guests numbered about 500.

Rev. Dr. George Robson, of Edinburgh, delivered the principal address on "Presbyterianism."

Former President Harrison also spoke briefly. Later he left for Washington.

PORTE'S FAVORABLE TRADE.

Destroyed Property of American Missionaries to Be Rebuilt at Kharput.

CONSTANTINOPLE, April 24.—An imperial irade has been promulgated authorizing the rebuilding of the property of the American missionaries at Kharput and the construction of an annex to the Roberts college at Constantinople.

WASHINGTON, April 24.—Lloyd Griscom, the United States chargé d'affaires at Constantinople, has cabled the state department that the Turkish minister for foreign affairs has informed the ambassadors that the porte will not raise tariff without previous agreement with the powers.

The state department had no official confirmation of the dispatch from Constantinople announcing the sultan's irade regarding the rebuilding of the American mission property at Kharput. The news was received with considerable satisfaction (however being regarded by officials as a friendly act on the part of the sultan) and possibly an earnest of full and final settlement of the indemnity claim.

"This is a part at least of what we have been working for for two years past," remarked one official when shown the dispatch. "It will be pleasant news for the Ecumenical Conference in New York."

No one in authority was willing to discuss the matter in detail, but it is understood that while the action of the sultan is regarded with pleasure here, it does not necessarily indicate that the claim for indemnity is abandoned nor that the incident is closed.

FRIENDLY TO THE U. S.

A Paris Paper Favors Our Attitude toward the Sultan.

PARIS, April 23.—The Temps published a long article on the Turko-American situation, reviewing the circumstances in a manner quite friendly to the United States, and expressing confidence that Turkey will pay the indemnity demanded by the United States. Referring to the alleged intention of the United States to occupy Smyrna, in default of payment, the Temps said:

"The United States would not, perhaps, be sorry to display a little before the eyes, not only of the sultan, but of entire Europe the newly-acquired glitter of their navy crowned with the laurels of Cavite and Santiago. The occupation of Smyrna would be no joke, and there is ground to hope that Abdul Hamid will realize the madness of resistance which, for such a trivial object, would bring about such serious results."

THE BOERS EVACUATED.

Pole-Carew's Men Seized a High Hill British Casualties Reported in Dispatch From Roberts.

LONDON, April 24.—The war office issued the following telegram from Lord Roberts, dated Bloemfontein, April 23, 2:50 p. m.:

"Yesterday I dispatched the Eleventh division, under General Pole-Carew, and two brigades of cavalry, under General French, from this point to assist General Rundle. The force reached Kariefontein without much opposition.

"Casualties reported: Welsh regiment, 1 private killed, Captain Prothore mortally wounded and 7 men; Yorkshire, 8 wounded; Eighth Hussars, 1 killed, 1 wounded; Fourteenth Hussars, 1 wounded; Royal artillery, 2 wounded; Seventh Dragoons, Lieutenant Jenkins and 10 men missing. Captain Rotton, Royal artillery, broke an arm by a fall, "General Pole-Carew's mounted infantry seized Learw Kop, a high hill a few miles north of their last night's position. The enemy evacuated hurriedly, leaving some rifles and ammunition."

"General Rundle reports that 25 men of the First Worcesters are missing. Fifty-three were sent with Wood to an outpost after dark, and only 18 returned. Their numbers and names will be reported today, as well as four wounded yesterday."

The war office has given no explanation of the apparent discrepancy in the figures as to the men in the Worcester regiment.

BOERS WILL BE SNUBBED.

Commissioners Not to Be Received in Europe—Warning to America.

LONDON, April 24.—The Vienna correspondent of The Times said in part:

"The Boer peace commissioners will not be received either at Vienna, Berlin, St. Petersburg or Rome."

The correspondent goes on at great length to argue that "the latent feeling of hostility toward the United States, though not of a serious character, is yet strong enough to make an opportunity of putting a spoke in America's wheel very welcome," and he adds that "on this account America will probably realize the desirability of maintaining a good understanding with England."

REIGN OF TERROR IN INDIA.

Situation Not Improving—Millions of cattle Dying.

CALCUTTA, April 24.—The latest official reports from the famine districts say that the misery existing there is indescribable and unparalleled, and that the present relief is quite inadequate. The mortality among the cattle is so severe that the authorities are trying to adapt farm implements so that human power can replace that of bullocks.

It is also announced that the natives are developing ugly feelings and are attacking Europeans.

Kentucky Case to Be Heard.

WASHINGTON, April 24.—After devoting next Monday and Tuesday to hearing argument in the Kentucky governorship case the supreme court will take a recess until May 14, and then until May 21 these two sessions to be for motions and opinions. May 21 the court will adjourn finally.

Safety in Battle.

Every soldier believes that the only safe place under fire is the recent scene of some cannonade escapade. When defending a fort or camp, the wounded are generally placed in the breaches, as the enemy is not likely to waste powder and shot on points which have already been cleared of all barricade. The same holds true of naval engagements. Sailors much prefer to sit in some yawning gap still hot and smoking from the effect of a splintering cannon ball than behind the stoutest bulwark.

Progress.

An Egyptian paper announces that "first class, up to date, modern dining cars" are to be run this season between Cairo and Luxor and that "an American dentist has started in business at Assouan, which is on the edge of the Sudan." A "palace hotel" at Khartum for the special accommodation of tourists will also be completed and opened for business in about three months.

VERY STRANGE CRIME.

Virginia Lady Found Injured In Philadelphia.

HUSBAND WITH THROAT CUT.

Mystery Surrounds Wounding of Ex-State Senator Kuhn and Wife—Youngstown Woman Murdered Husband and Killed Herself—Dayton Couple Suicided.

PHILADELPHIA, April 24.—Mrs. Lillie Kuhn, wife of former State Senator Kuhn, of Richmond, Va., was found in the side yard of a boarding house at 716 North Sixteenth street with her head and face badly lacerated, one leg broken and her body badly bruised. She was removed to St. Joseph's hospital, where her husband, with his throat badly cut, was also sent under the guard of two policemen. He is under surveillance to await the result of his wife's injuries.

The affair is wrapped in mystery, as neither the injured couple nor the police would talk. Mrs. Kuhn was found in a pool of blood directly under the second story window.

YOUNGSTOWN, O., April 24.—Mrs. Lucy Christy shot her husband, Robert Christy, a roller at the Union iron and steel mill, and then shot herself in the head, dying instantly. Christy was shot in the neck and probably will die.

Although known as man and wife, Christy had declared they were not, and threatened to marry another woman.

Mrs. Christy secured a revolver and declared she would kill Christy before he should live with another woman.

They were heard quarreling just before the shooting.

DAYTON, O., April 24.—Albert J. Deady and his 16-year-old wife jumped from a bridge into the canal and were drowned, clasped in each other's arms. Albert Deady was employed as inspector by the National Cash Register company. They leave a young babe. They ate supper together and were cheerful. It is supposed Deady had financial trouble.

ECUMENICAL BUSINESS SESSIONS.

President Washburn, of Robert College, Constantinople, Said Missionaries Wanted Only Their Rights Under Existing Treaties—Friendly Voice From England.

NEW YORK, April 24.—The business sessions of the Ecumenical conference on foreign missions began simultaneously in Carnegie hall and the Central Presbyterian church.

Walter B. Sloan, secretary of the inland mission of China, led the devotional exercises in Carnegie hall, and the Rev. James Cunningham, M. A., of the Memorial Presbyterian church of Wadsworth, London, conducted exercises at the Central Presbyterian.

At Carnegie hall addresses were read on "A Century of Missions."

To the left of the main aisle were seated the delegates from Japan, Korea, Oceanica, West Indies, China, Central America, Mexico and South America.

To the right were Siam, India, Ceylon,

Burma, Assam, Syria, Egypt, Turkey,

North and South America, Persia, Asia

and Africa. Each section was

marked by a placard. The meeting was

called to order by the Rev. Dr. Ewing,

who introduced the Rev. Dr. A. T.

Raymond, professor of Union college,

as the presiding officer.

Rev. Dr. H. J. Willinger, of Richmond, Va., offered prayer.

A telegram was read from the bishop

of the inland mission of China, and

conference of the African M. E.

church, now in session at Baltimore.

It congratulated the conference on its

successful meeting, wishing it success

and godspeed.

The first speaker of the evening was

Eugene Stock, editorial secretary of the

London missionary society.

Rev. Dr. A. Schreiber, secretary of

Reinisch missionary society, read an in-

teresting paper on "A Century of Ger-

man Nations."

The Rev. S. Hudson Taylor, founder

of the China Inland mission, spoke on

"The Source and Power of Foreign Mis-

sions."

Robert E. Speer, secretary of the

board of foreign missions of the Presby-

terian church of the United States, spoke

on "The Supreme and Determining

Aim in Foreign Missions."

The meeting in Central Presbyterian

church was addressed by Rev. James L.

Vance, of Nashville; Rev. Henry T.

Chapman, secretary of the United Meth-

odist Free Churches in England; Rev.

Paul de Schweinitz, secretary of the

board of missions of the Moravian

church, and Rev. Dr. H. C. Mabie, sec-

retary of the American Baptist union.

Rev. James Cunningham, M. A., of

London, England, presided and con-

tributed a few words to the discussion

of the theme for the day, "The Author-

ity and Purpose, the Source and Power,

and the Supreme and Determining Aim

In Foreign Missions."

Rev. T. B. Wolf, Rev. J. Wilkie, Rev.

L. W. Scudder, Rev. Dr. Parker, of

Northern India, and Rev. J. E. Abbott,

of Bombay, addressed the meeting upon

missionary work in farther India.

The meeting at the Madison Avenue

Reformed church was devoted to a dis-

cussion of missionary work in Moham-

medan lands. Rev. James L. Barton,

president of the American board of mis-

sions in Turkey, spoke of the situation

in the Ottoman empire.

Rev. William Jessup spoke upon mis-

sion work in Syria; L. H. Hutton, presi-

dent of the Presbyterian mission board,

spoke on missions in Arabia; J. Har-

graves Ridgeford on early efforts of mis-

sionaries in Northern Africa, and John

Giffen, a missionary of Egypt, of the

United Presbyterian church, on Egypt.

George Washburn, president of Rob-

ert college, in Constantinople, said in

part:

"Contrary to a seeming belief, mis-

sionaries in Turkey have no political

purposes whatever. All that they ask

of the Turkish government is that they

be given the rights guaranteed by the

treaties existing between the two coun-

tries."

Dr. Grace Kimball, of Vassar college,

formerly missionary to Turkey, spoke

briefly on Turkey. Dr. Edward Riggs on

Greece and Rev. T. C. Wilson on Jero-

usalem and mission work in Palestine.

At the Broadway tabernacle several

missionaries gave a general survey of

the mission work in the islands of the

Pacific. Bishop John F. Hurst, of

Washington, spoke on the Philippines.

Rev. Canon Edwards, of the Exeter cathe-

dral, London, and secretary of the

London Bible society, then spoke of the

work which the Bible society had done

in the islands of the Pacific. He said

that society had spent over 20 years in

compiling a new testament in the lan-

guage of the Filipinos, but Spain had

not allowed them to do any missionary

work in the islands, and hence they had

not been able to make any use of the

work, but now that they had the United

States to deal with the society would al-

low the American missionaries to use

this work. He also said, referring to

the United States:

"England rejoices in your joys and

delights in your prosperity."

Rev. Dr. Wardlaw Thompson, of

London, and Rev. John G. Payton, of

the New Hebrides, spoke of the work in

those districts. R. Callenbach, D. D., of Doorn, spoke of the work in Java, Borneo and Sumatra, followed by Rev. O. H. Gulich, of Hawaii, and Rev. W. E. Cou

and Madagascar.

Afterward several meetings were held in neighboring churches. Reports made at these meetings concerning work and prospects in China, Siam, Assam, Siam, India, Ceylon, Oceanica, Mohammedan

lands, Africa, North and South America and also among the Hebrews in all lands. All the meetings were largely attended and addresses were made by several missionaries in each.

Both Carnegie hall and the neighboring Central Presbyterian church were crowded to their capacity at the evening meetings, last night.

At Carnegie hall addresses were read on "A Century of Missions."

To the left of the main aisle were seated the delegates from Japan, Korea, Oceanica, West Indies, China, Central America, Mexico and South America.

To the right were Siam, India, Ceylon,

REPUBLICANS MET.

Ohio Convention In Session at Columbus Today.

HANNA WON'T BE A DELEGATE.

Refused to Allow His Name to Be Used
Grosvenor Likely to Be Sent In His Place—Foraker Not at the Convention—Laylin Congratulated.

COLUMBUS, April 24.—The Republican state convention met here today. Senator Foraker is not present.

Congressman Dick announced to delegates and others Monday that Senator Hanna absolutely declined to be a delegate-at-large, and this announcement was accepted everywhere as a declination by Hanna in favor of Congressman Grosvenor.

The four delegates-at-large when McKinley was nominated at St. Louis four years ago were Senators Hanna and Foraker, Governor Bushnell and General Grosvenor. This year they will be Senator Foraker, Governor Nash and Congressmen Grosvenor and Dick. General Dick denies that the platform was prepared in Washington, or that he brought any part of it with him. Some of the main planks were discussed in Washington, such as those on the tariff and monetary questions, with specific declarations regarding Cuba, Porto Rico and the Philippines. The policy of the administration with the Philippines and the Porto Rican bill will be endorsed, also the Paris treaty.

Ex-Representative Laylin, who will head the ticket as the candidate for secretary of state, has been receiving congratulations. Eight years ago when Foraker was defeated for senator by Sherman, Laylin was the Sherman candidate for speaker of the Ohio house, and was then nominated in the caucus by only one vote over J. Frank McGraw, the Foraker candidate. McGraw is the son-in-law of former Governor Bushnell. This time Laylin secured three-fourths of the delegates, and his opponent has withdrawn. This fairly indicates the unanimity of sentiment in Ohio toward Senator Hanna as the recognized representative of the national administration. Everything in the convention will likely be done by acclamation.

The faction fights that have characterized Republican state conventions in Ohio for years have been wiped out in some way. Some say all differences have been healed. Others cautiously say the factions have been repeatedly beaten and finally crushed. At any rate, this is the most harmonious Republican state convention in Ohio within the memory of the present generation.

QUAY TO BE A DELEGATE.

Will Be Sent to Philadelphia—Grow Sure of Renomination—Coming Convention Gossip.

HARRISBURG, Pa., April 24.—The struggle for the favors in the gift of the Republican state convention has begun in earnest. The candidates and their boomers are nearly all on the ground, however, and those who have not yet reached here will be on hand before the convention assembles tomorrow. Senator Penrose and other leaders will be here tonight for a conference at the executive mansion to plan a program for the convention. Chairman Reeder established headquarters at the Lochiel hotel, and in absence of assistants at work arrangements preliminaries of the convention. Senator E. B. Hardenbergh, of Wayne county, who has the field to himself, auditor general, arrived from Philadelphia.

Other candidates on the ground are Dr. Theodore L. Quay, of Meadville; Congressman Galusha, of Beaver; Congressman Grow, of Susquehanna county; C. Arnold of Clearfield, all of whom are contesting for nomination for delegate-at-large. Two candidates who are nominated for this office, and the reasons are that Mr. Grow will be renominated and that his colleague will be Robert H. Forderer, of Philadelphia. Mr. Flood is making an active canvass, and his friends profess to be hopeful of his nomination. Mr. Arnold is conducting a quiet campaign, and seems to have no reasonable assurance of success. John B. Steel, of Greensburg, will be temporary chairman of the convention, and Henry W. Oliver, of Pittsburgh, permanent chairman.

The indications are that the delegates-at-large to the national convention at Philadelphia will be Abel M. S. Quay, of Beaver; Governor William A. Stone, of Allegheny; Senator Charles A. Porter and Colonel James Elverson, of Philadelphia; ex-Congressman John H.

Leisenring, of Wilkesbarre; General Frank Reeder, of Easton, and B. W. Green, of Emporium.

No names have been mentioned for the four electors-at-large to be chosen by the convention. It is expected that most of the delegates will be on the ground by tomorrow evening and that the work of the convention will be pretty well mapped out by that time.

A DAY IN WALL STREET.

Buyers Took Advantage of Crash and Steadied the Market—Iron and Steel Stocks.

NEW YORK, April 24.—The expectation was quite general that the market would open with something like a crash in values on Monday, but, as is not unusual in Wall street, over-expectation defeated itself and there were enough buyers waiting to take advantage of the crash to steady the market almost immediately. Professional Wall street perceived the absence of pressure of long stock in the steel industries with a cynical lack of surprise. Evidently the opportunity had been seized to dispose of long stock at the higher level of prices and the shorts were the most eager operators in the market in endeavor to cover.

This pretty clearly indicated a pause in the most aggressive tactics of the bear campaign. A collateral object of that campaign is generally believed to be to take on various stocks at the lower level of prices. The pressure of liquidation continued heavy during the first hour, and a second drive was made by the bears at the end of that time. But the steady absorption of offerings begot a very cautious mood among the professionals, and a decidedly quieter tone ensued in the market.

The undertone of the market was firm during the latter part of the day and the closing was strong and rather active, with the steel industrials at the best level of the day and at considerable net gains, amounting to $2\frac{1}{8}$ in the case of Federal Steel and $2\frac{1}{4}$ in steel and wire. Wall street still keeps an anxious eye on the situation in the iron and steel trade, but is inclined to go back of official utterances in forming its opinions.

The alarm first created over the cut in prices is mitigated by the well-filled ranks of the consumers, who are known to be waiting to place contracts at a lower level of prices. Last year's high prices are known to have been made by belated bidders, who had to buy at any price to fill contracts, and the dealings at the high level were for only a small part of the total product. A large part of last year's business was on old contracts which are known to have been worked off at lower rates.

The feature of the bond market was the quick rise to $85\frac{3}{8}$ of the Western New York and Pennsylvania general mortgage three-fours on the arrangement perfected with the Pennsylvania railroad. Otherwise prices yielded in sympathy with stocks. Total sales, par value, \$2,580,000.

United States bonds were unchanged in bid quotations.

IMMENSE CONTRACTS LET.

Greensburg (Pa.) Firm Got One—B. & O. to Make Extensive Improvements.

BALTIMORE, April 24.—The Baltimore and Ohio Railroad company awarded contracts for work to cost approximately \$1,650,000. One of the contracts is for the construction of Paterson creek cutoff, near Cumberland, Md. This was secured by Messrs. Bennett & Talbot, of Greensburg, Pa., the contract price being about \$900,000.

What is known as the Mt. Airy improvement was awarded to Messrs. F. H. Clement & Co., of Philadelphia, at approximately \$750,000.

The Baltimore and Ohio is also having extensive improvements made on its Chicago division, and plans are being prepared for extensive improvements in the vicinity of Pittsburgh. The management is determined to reduce grades and straighten curves as much as possible, and during the next few years will spend about \$25,000,000 on this and other work.

McKinley's Gone to Canton.

PITTSBURG, April 24.—President and Mrs. McKinley arrived in Pittsburg this morning in a special car attached to regular passenger train No. 9, of the Pennsylvania railroad, enroute to their home in Canton, O.

THE FIEND OF NERVOUSNESS.

When a woman's mind is constantly filled with nervous unreasoning dread and apprehension it shows that her entire nervous system is disordered and broken down. Nine times in ten it indicates that there is some special disease or weakness of the important and delicate organs which make her a woman. Nine times in ten it means that some instant and radical measures must be taken to save her from complete mental and physical wreck.

"I was so nervous I couldn't bear to hear the sound of my own voice when alone" says Mrs. Nellie Brittenham, of Davenport, Thayer Co., Nebr. "I felt as though there was some one ready to grab me if the least sound was made. I really cannot describe the feelings I had, but I can say I have no such ugly feelings now and I trust I never may again. I was suffering from female weakness and very much from nervous prostration.

"I was not able to do anything. I could not sit up all day. I had not sat up all day since the birth of my baby, four months before I began to take Dr. Pierce's medicines. I took one doctor's medicine for four months but did not get along at all; so discouraged, I thought I would try Dr. Pierce's Favorite Prescription and 'Golden Medical Discovery'. I took six bottles of the 'Prescription' and nine of the 'Golden Medical Discovery' and used Dr. Pierce's Pleasant Pellets along with the other medicines, and I can say they have done wonders for me."

"I do all my work now and feel better than for two years. I had not eaten anything for three months except some kind of soup and crackers; now I eat anything I want. I believe I owe my health to Dr. Pierce's medicines."

Discouraged, broken-down women should write to Dr. R. V. Pierce, at Buffalo, N. Y., and learn how carefully he studies into these apparently hopeless cases. He will send without charge, (in a plain sealed envelope) the best advice of a capable, experienced physician.

REPUBLICANS MET.

Ohio Convention In Session at Columbus Today.

HANNA WON'T BE A DELEGATE.

Refused to Allow His Name to Be Used Grosvenor Likely to Be Sent in His Place—Foraker Not at the Convention—Laylin Congratulated.

COLUMBUS, April 24.—The Republican state convention met here today. Senator Foraker is not present.

Congressman Dick announced to delegates and others Monday that Senator Hanna absolutely declined to be a delegate-at-large, and this announcement was accepted everywhere as a declination by Hanna in favor of Congressman Grosvenor.

The four delegates-at-large when McKinley was nominated at St. Louis four years ago were Senators Hanna and Foraker, Governor Bushnell and General Grosvenor. This year they will be Senator Foraker, Governor Nash and Congressmen Grosvenor and Dick. General Dick denies that the platform was prepared in Washington, or that he brought any part of it with him. Some of the main planks were discussed in Washington, such as those on the tariff and monetary questions, with specific declarations regarding Cuba, Porto Rico and the Philippines. The policy of the administration with the Philippines and the Porto Rican bill will be endorsed, also the Paris treaty.

Ex-Representative Laylin, who will head the ticket as the candidate for secretary of state, has been receiving congratulations. Eight years ago when Foraker was defeated for senator by Sherman, Laylin was the Sherman candidate for speaker of the Ohio house, and was then nominated in the caucus by only one vote over J. Frank McGraw, the Foraker candidate. McGraw is the son-in-law of former Governor Bushnell. This time Laylin secured three-fourths of the delegates, and his opponent has withdrawn. This fairly indicates the unanimity of sentiment in Ohio toward Senator Hanna as the recognized representative of the national administration. Everything in the convention will likely be done by acclamation.

The faction fights that have characterized Republican state conventions in Ohio for years have been wiped out in some way. Some say all differences have been healed. Others cautiously say the factions have been repeatedly beaten and finally crushed. At any rate, this is the most harmonious Republican state convention in Ohio within the memory of the present generation.

QUAY TO BE A DELEGATE.

Will Be Sent to Philadelphia—Grew Sure of Renomination—Coming Convention Gossip.

HARRISBURG, Pa., April 24.—The struggle for the favors in the gift of the Republican state convention has begun in earnest. The candidates and their boomers are nearly all on the ground, however, and those who have not yet reached here will be on hand before the convention assembles tomorrow. Senator Penrose and other leaders will be here tonight for a conference at the executive mansion to plan the program for the convention. Chairman Reeder established quarters at the Lochiel hotel, and assistants at work arrangements of the convention. Hardenbergh, of Pennsylvania, who has the field to himself, arrived from J.

Other candidates Dr. Theodore L. Congressmen Galusha, of Susquehanna county; Clearfield, all of whom are nominated for nomination for two candidates in this office, and Mr. Grow will be his colleague in the delegation of Philadelphia, making an active friends profess to nomination. Mr. Arnold, of Green Bay, chairman of Henry W. Oliver, permanent chairman.

The indication at-large to the Philadelphia delegation of Beaver, Governor of Allegheny, Porter and Colgate, Philadelphia; ex-

the delegates convention to the Philadelphia will of Beaver, Governor of Allegheny, Porter and Colgate, Philadelphia; ex-

Leisenring, of Wilkes-Barre; General Frank Reeder, of Easton, and B. W. Green, of Emporia.

No names have been mentioned for the four electors-at-large to be chosen by the convention. It is expected that most of the delegates will be on the ground by tomorrow evening and that the work of the convention will be pretty well mapped out by that time.

A DAY IN WALL STREET.

Buyers Took Advantage of Crash and Steadied the Market—Iron and Steel Stocks.

NEW YORK, April 24.—The expectation was quite general that the market would open with something like a crash in values on Monday, but, as is not unusual in Wall street, over-expectation defeated itself and there were enough buyers waiting to take advantage of the crash to steady the market almost immediately. Professional Wall street perceived the absence of pressure of long stock in the steel industrials with a cynical lack of surprise. Evidently the opportunity had been seized to dispose of long stock at the higher level of prices and the shorts were the most eager operators in the market in endeavor to cover.

This pretty clearly indicated a pause in the most aggressive tactics of the bear campaign. A collateral object of that campaign is generally believed to be to take on various stocks at the lower level of prices. The pressure of liquidation continued heavy during the first hour, and a second drive was made by the bears at the end of that time. But the steady absorption of offerings begot a very cautious mood among the professionals, and a decidedly quieter tone ensued in the market.

The undertone of the market was firm during the latter part of the day and the closing was strong and rather active, with the steel industrials at the best level of the day and at considerable net gains, amounting to 2½% in the case of Federal Steel and 2½% in steel and wire. Wall street still keeps an anxious eye on the situation in the iron and steel trade, but is inclined to go back of official utterances in forming its opinions.

The alarm first created over the cut in prices is mitigated by the well-filled ranks of the consumers, who are known to be waiting to place contracts at a lower level of prices. Last year's high prices are known to have been made by related bidders, who had to buy at any price to fill contracts, and the dealings at the high level were for only a small part of the total product. A large part of last year's business was on old contracts which are known to have been worked off at lower rates.

The feature of the bond market was the quick rise to 85¾ of the Western New York and Pennsylvania general mortgage three-fourths on the arrangement perfected with the Pennsylvania railroad. Otherwise prices yielded in sympathy with stocks. Total sales, par value, \$2,580,000.

United States bonds were unchanged in bid quotations.

IMMENSE CONTRACTS LET.

Greensburg (Pa.) Firm Got One—B. & O. to Make Extensive Improvements.

BALTIMORE, April 24.—The Baltimore and Ohio Railroad company awarded contracts for work to cost approximately \$1,650,000. One of the contracts is for the construction of Paterson creek cutoff, near Cumberland, Md. This was secured by Messrs. Bennett & Talbot, of Greensburg, Pa., the contract price being about \$900,000.

What is known as the Mt. Airy improvement was awarded to Messrs. F. H. Clement & Co., of Philadelphia, at approximately \$750,000.

The Baltimore and Ohio is also having extensive improvements made on its Chicago division, and plans are being prepared for extensive improvements in the vicinity of Pittsburgh. The management is determined to reduce grades and straighten curves as much as possible, and during the next few years will spend about \$25,000,000 on this and other work.

McKinley's Gone to Canton.

PITTSBURG, April 24.—President and Mrs. McKinley arrived in Pittsburgh this morning in a special car attached to a regular passenger train No. 9, of the Pennsylvania railroad, enroute to their home in Canton, O.

THE FIEND OF NERVOUSNESS.

When a woman's mind is constantly filled with nervous unreasoning dread and apprehension it shows that her entire nervous system is disordered and broken down. Nine times in ten it indicates that there is some special disease or weakness of the important and delicate organs which make her a woman. Nine times in ten it means that some instant and radical measures must be taken to save her from complete mental and physical wreck.

"I was so nervous I couldn't bear to hear the sound of my own voice when alone," says Mrs. Nellie Brittenham, of Davenport, Iowa. "I felt as though there was some one ready to grab me if the least sound was made. I really cannot describe the feelings I had, but I can say I have no such ugly feelings now and I trust I never may again. I was suffering from female weakness and very much from nervous prostration."

"I was not able to do anything. I could not sit up all day. I had not sat up all day since the birth of my baby, four months before I began to take Dr. Pierce's medicines. I took one doctor's medicine for four months but did not get along at all; so discouraged, I thought I would try Dr. Pierce's Favorite Prescription and 'Golden Medical Discovery.' I took six bottles of the 'Prescription' and nine of the 'Golden Medical Discovery' and used Dr. Pierce's Pleasant Pellets along with the other medicines, and I can say they have done wonders for me."

"I do all my work now and feel better than for two years. I had not eaten anything for three months except some kind of soup and crackers; now I eat anything I want. I believe I owe my health to Dr. Pierce's medicines."

Discouraged, broken-down women should write to Dr. R. V. Pierce, at Buffalo, N. Y., and learn how carefully he studies into these apparently hopeless cases. He will send without charge, (in a plain sealed envelope) the best advice of a capable, experienced physician.

LOCAL BREVITIES.

One candidate was given the third
degree at the meeting of the Rechabites
last evening.

Mrs. E. B. Bradshaw, who has been
visiting in the city for several days,
left this morning for Columbus.

The molds for a new toilet set to be
made at the Oliver pottery at Sebring
have been ordered. The set has not
been named.

Joe Maley returned to his work at
the freight depot this morning after
spending a few weeks at Salineville
visiting friends.

R. L. McKenty, of College street,
left for Cleveland this morning, where
he this evening will attend a banquet
given by an insurance company.

A land slide occurred on the Cleve-
land & Pittsburg road near Merrill
station yesterday evening, delaying
the late accommodation 40 minutes.

Martin Mear has been selected by
the local camp, Woodmen of the
World, to attend the state convention,
which will be held in Columbus this
year.

The Murphy pottery base ball team
has accepted the challenge of the
team of the Burford pottery, and a
game will be played during the last
